Note: Departments sometimes provide thick reports, large maps and bulky documents as attachments to answers to questions on notice. Large attachments are not incorporated into volumes of additional information in order to conserve paper and electronic storage space. However, the title page, ISBN/ISSN (if provided) and table of contents of each document are included with the relevant answer. If you have a question about a particular document, please contact the estimates officer in the secretariat.

To view attachments in electronic form, check the Committee's estimates web page under 'estimates', the relevant year and the round (budget or additional).
