8 SUSPENSION OF STANDING ORDERS MOVED

Mr Shorten (Leader of the Opposition) moved—That so much of the standing orders be suspended as would prevent the Member for Maribyrnong from moving the following motion forthwith—That the House:

(1) notes that:

- (a) confidence and trust in the financial services industry has been shaken by ongoing revelations of scandals and tens of thousands of Australians being ripped off;
- (b) retirees have had their retirement savings gutted;
- (c) families have been rorted out of hundreds and thousands of dollars;
- (d) small business owners have lost everything;
- (e) life insurance policy holders have been denied justice;
- (f) it is clear from the breadth and scope of the allegations that the problems in this industry go beyond any one bank or type of financial institution;
- (g) on 6 April 2016, the Prime Minister himself said “There have been many troubling incidents over recent times for them simply to be dismissed”;
- (h) Liberal and National parliamentarians have defied the Prime Minister and the banks and publicly supported a Royal Commission;
- (i) Australia has one of the strongest banking systems in the world but we need Australians to have confidence in their banks and financial institutions, to uncover and deal with unethical behaviour that compromises that confidence;
- (j) there are reports that Mr Turnbull and Mr Morrison have been secretly colluding with the banks to concoct a plan to protect them from a Royal Commission; and
- (k) anything less than a Royal Commission into misconduct in the banking and financial services industry amounts to a cover-up orchestrated by the Prime Minister and his Liberal Government; and

(2) agree on:

- (a) Wednesday, 20 April 2016, being appointed as a sitting day; and
- (b) priority being accorded over all other business at that sitting to the following motion to be moved by the Leader of the Opposition: That the House calls on the Prime Minister to request His Excellency the Governor-General of the Commonwealth of Australia issue Letters Patent to establish a Royal Commission to inquire into misconduct in the banking and financial services industry.

5 SUSPENSION OF STANDING ORDERS MOVED

Mr Shorten (Leader of the Opposition) moved—That so much of the standing orders be suspended as would prevent the Member for Maribyrnong from moving the following motion forthwith—That the House:

- (1) notes that:
 - (a) the House of Representatives is in the extraordinary position of a Government having called a new session of Parliament only to run out of legislation to debate within 12 hours of the Governor-General opening a new session; and
 - (b) this is just more evidence that the Government has lost all interest in trying to govern, the only thing they are interested in is trying to stay in Government; and

- (2) in the absence of any legislative agenda, suspend standing orders to accord priority over all other business at this sitting to the following motion to be moved immediately by the Leader of the Opposition: That the House calls on the Prime Minister to request His Excellency the Governor-General of the Commonwealth of Australia issue Letters Patent to establish a Royal Commission to inquire into misconduct in the banking and financial services industry.

- (1) notes that:
 - (a) the House of Representatives is in the extraordinary position of a Government having called a new session of Parliament only to run out of legislation to debate within 12 hours of the Governor-General opening a new session;
 - (b) this is just more evidence that the Government has absolutely no plan for the future of this country beyond the extreme cuts of the Abbott Government's 2014 Budget, including its plans for \$100,000 university degrees, cuts to family payments, cuts to pensions, cuts to Medicare and cuts to schools and hospitals;
 - (c) large parts of the Government's Budget have been leaked to media outlets because of the chaos and division at the heart of this Government, with members of the Prime Minister's backbench actively trying to undermine the Prime Minister; and
 - (d) the Government is colluding with the banks to protect them from a Royal Commission; and
- (2) censure the Prime Minister for being out of touch and leading a chaotic and divided Government with no positive plan for Australia's future.

4 MESSAGE FROM THE SENATE—NORTHERN AUSTRALIA INFRASTRUCTURE FACILITY BILL 2016

Message No. 487, 2 May 2016, from the Senate was reported returning the Northern Australia Infrastructure Facility Bill 2016 with amendments.

Northern Australia Infrastructure Facility Bill 2016—Statement by Speaker on consideration of Senate message

The Speaker made the following statement: It is my duty to draw to the attention of the House, the fact that the Senate amendments conveyed by this message raise an important point of constitutional principle.

The amendments propose to amend the definition of ‘Northern Australia’ in the bill. Such change in the definition would change the destination of the appropriation in clause 41 of the bill.

There is doubt that the Senate may proceed in such circumstances by way of amendment, because of the requirements of section 53 of the Constitution. Among other things, this section prohibits the Senate from amending a bill so as to increase ‘any proposed charge or burden on the people’.

The matter for consideration is not so much one of the privileges and rights between the two Houses, but observance of the requirements of the Constitution concerning the appropriation of revenue.

I am advised that the view has been taken, where expenditure is appropriated in these circumstances, section 56 of the Constitution requires that the proposed appropriation be recommended by a message from the Governor-General. I understand that such a message has been obtained in this case.

If the House wishes to entertain the proposal reflected in the Senate’s proposed amendments, the House may choose to proceed by alternative means.

Mr Frydenberg (Minister for Resources, Energy and Northern Australia) moved—That:

- (1) the House endorses the statement of the Speaker in relation to the constitutional questions raised by Message No. 487 transmitted by the Senate in relation to the Northern Australia Infrastructure Facility Bill 2016; and
- (2) the message be considered immediately.

Debate ensued.

Question—put and passed.

Message No. 15, 29 April 2016, from His Excellency the Administrator was announced recommending an appropriation for the purposes of amendments of this bill.

Mr Frydenberg moved—That the Senate’s purported amendments be disagreed to and Government amendments Nos (1) to (3) made in place thereof.
