

Hi,

I'm Michael Clark,

I just want you to know that I think the proposed changes are unnecessary and will leave a big door open for misinterpretation and misuse of the laws.

I also think that the potential for reduction in religious freedom of expression is a very large hazard. I can't vote for people who don't see this as a serious issue as I do. I wholeheartedly encourage you to not pass this legislation.

Thank you,
Michael Clark.
