Dear Senators

I support the Health Insurance (Certain Types of Abortion) Amendment Bill 2013 because abortions performed solely because of the sex of the child are a form of genocide usually targeted at eliminating girl babies. In China and India this has led to a massive shortage of girls. This practice should not be supported in Australia by Medicare benefits - Medicare benefits should be for needed health procedures, not for eliminating babies because of their gender due to their culture or personal preferences.

Yours sincerely,

Marie Srdarev (Mrs)
