To whom it may concern

I hereby state that

I wish to support Senator John Madigan's Health Insurance Amendment (Medicare Funding for Certain types of Abortion) Bill 2013.....

**“That Medicare funding should not be available for S17 (1) (b) where "the termination is carried out solely because of the gender of the foetus.”**

I find gender determination and elimination to be a horrific, inhumane and barbaric act of discrimination at its worst and I wish to protest loudly against its practice. What a shocking thing that unborn girls are so demeaned and undervalued! I am appalled that Medicare funding is being used. This is so very, very wrong.

Can you please direct my protest to the correct authority?
