

8th April 2013

Senate Finance & Public Administration
Committees.

Dear Sirs,

I express my support for Senator's
John Madigan's - Health Insurance Amendment
Bill 2013

Medicare funding should not be available
for S 17 (1)(b). The Termination is carried
out solely for and because of the gender
of the foetus. It is unacceptable to use
Medicare funding for the foul purposes of
killing human beings.

Every child has a God given purpose & dignity.
Every person has to face God on Judgement
Day. You know the Penalty for destroying
His creation! Wake up your conscience!
Your soul is at stake!

Yours faithfully
Miss Marie Bottiell
