

The Economics Committee,

I wish to give a Submission to the Committee, my submission is about The performance of the Australian Securities and Investment Commission. If possible I would like to give verbal evidence to the inquiry with documentary evidence of the failure of ASIC to investigate our case, although ASIC has substantial evidence submitted by me to ASIC. I have letters from ASIC refusing to investigate our case. A lady from ASIC phoned me and said to me our case open a Pandora's box, I said to her, real prison time, she said yes. I said to her that I had posted a disc with evidence to [REDACTED] [REDACTED], she said to me he works in the same area and would phone me back. She phoned me back and said [REDACTED] [REDACTED] had received the disc. I received a letter from [REDACTED] [REDACTED] telling me, words to the effect, BUGGER OFF, I have the letter. Attached is the RIGG FILES, which is the basis of our claim against the Commonwealth Bank. The PERFORMANCE OF ASIC. It is against ASIC's own responsibilities, look at the ASIC web site.

The committee has 2 former submissions from me, both were knocked back saying they were not within the TERMS OF REFERENCE.

The committee has a huge amount of evidence from me proving fraud by the COMMONWEALTH BANK against my wife and I, ASIC has a huge amount of evidence from me but refuse to act, WHY ?

It comes down to this, my wife and I, the community, Austrade, Lysaghts, BHP, the Commonwealth, the Commonwealth Bank and others have defrauded.

The bank documents speak for themselves, it is not hearsay it is fact and we were never in default. Both our properties were sold by insider trading to the bank staff mates.

I await your urgent reply, Regards, Tony Rigg
