To Whom It May Concern,

I, Donna Harrison

, am writing to express my objection to the Private Member's Bill called the Australian Capital Territory (Self-Government) Amendment (Disallowance and Amendment Power of the Commonwealth) Bill 2010. Senator Bob Brown's Bill to delegate legislative freedom to each territory, thereby facilitating homosexual civil unions and euthanasia, is a challenge to the very fabric of our society. It makes a mockery of the fact that marriage is the expression of love between a man and a woman. The introduction of euthanasia into our nation undermines the intrinsic value of life and may cause many unnecessary deaths. Without some moral backbone Australia will be crippled. Put these issues to referendum and find out what Australians really think about these significant issues instead of gutless "backdoor" tactics wrapped in green cellophane!

Yours Sincerely

Donna Harrison
