
To Whom it May Concern

I would like to express my support for the bill John Madigan introduced last month which proposes to remove Medicare funding for sex selection abortions. I understand that bill is now being considered by a Senate Committee.

I support his bill, as I do not believe our tax dollars should go to killing unborn babies in any way, let alone because he or she is not the preferred gender. Medicare serves as a wonderful service to society to provide much needed medical services, not so called 'lifestyle choices'.

Kind Regards
