

Dear Senators,

**I wish to strongly protest and submit a petition to say PLEASE STOP
MEDICARE
FUNDING FOR GENDER SELECTION which virtually means killing
mostly baby girls- TAX PAYERS MONEY SHOULD NOT BE WASTED
FOR THIS PURPOSE!-
THIS IS SHOCKING!**

**I would like to bring to your attention that abortions performed solely
because of the
sex of the child often aims at eliminating baby girls and is therefore a form
of
gendercide. Abortions like this in China and India have led to a huge
shortage of girls
missing in the world today. We don't need that situation occurring here in
Australia.**

**A girl has a right to live not just because she is a girl, not just because she
can
contribute to society and not just because she could change the world, but
because it
is her most basic human right.**

**I stand for Gender equality and justice for every baby conceived
Please give them that basic right to live,**

Yours sincerely
