

Dear Parliament,

I strongly urge you to remove Medicare funding for all types of abortion, and specifically, gender selected abortion. It is absurd that the money of Australians should be used to fund gender discrimination. Aborting an unborn child solely on the basis of gender is not a medical procedure and should therefore not be afforded Medicare benefits. Medicare funding should be strictly limited to health procedures that the community generally accepts; taxpayers should not be funding decisions based purely on cultural or personal preference. It is abhorrent that any type of abortion is funded by Medicare when it is such a contentious issue, let alone abortion specifically on the grounds of gender! Please remember that it is the duty of legislators to protect the unborn, regardless of their gender.

Thankyou.
