I totally agree with Senator John Madigan's proposal to prohibit any payment of a Medicare benefit for an abortion performed solely because of the gender of the unborn child.

KILLING is not a MEDICAL procedure. It is abhorrent in any circumstance of eliminating life for the "benefit" of the parent or family.

What type of society are we becoming?

Murderers without trial – double standard individuals who deny the right of the unborn?

Life is precious. Keep it that way.

Never put my taxpayer funding into this circumstance whatsoever. Medicare benefits should be for needed health procedures, not for eliminating babies because of their gender due to cultural or personal preferences.

Sincerely,
