

Aborting an unborn child solely on the basis of gender is not a medical procedure and should therefore not be afforded Medicare benefits

Medicare funding should be strictly limited to health procedures; taxpayers should not be funding decisions based purely on cultural or personal preference

It is the duty of legislators to ensure every child, regardless of gender, is afforded the basic human right of life

The law should protect the unborn given their vulnerable state, in accordance with the UN Convention on the Rights of the Child

By providing Medicare funding of sex-selection abortions, the government is contributing to the increase of this abhorrent act; the government should work to see a reduction in abortion.
