

---

Dear Senate Committee

I would like to register my strong support for the Health Insurance Amendment (Medicare Funding for Certain Types of Abortion) Bill introduced by Senator John Madigan.

I am completely against abortions and I find it even more abhorrent that my taxes would be used to murder an unborn baby, simply because the parents prefer a different gender to what was conceived.

Please pass this Bill so that this practice is stopped as soon as possible.

Yours sincerely

Lee Zeakis
