

---

To Whom It May Concern, I am writing this email to express my disagreement with Sex-Selection Abortion as it is I am anti abortion full stop but this just takes it even a step worse in my mind. We are equal in the eyes of God and deserve a chance at life . Remember when the baby is wanted it is a baby when it is not it suddenly is a fetus. Please Please don't let this bill through that it will be made legal or even worse payed by the tax payer . Thankyou Kind Regards Elizabeth Portelli
