Canberra, ACT 2600.

To whom it may concern;

I write to express my support for Senator John Madigan's "Health Insurance Amendment (Medicare Funding for Certain Types of Abortion) Bill 2013."

Apart from the fact that the vast majority of Australians polled on the subject of sex-selective abortion, and that both these citizens and the United Nations are opposed to this practice which is effectively genocide against females.

For Australian taxpayer money to be drafted into an area of such injustice against humanity is a disgrace to our nation which prides itself on a fair go and the preservation of basic human rights.

All abortion is a crime against humanity since it degrades the value of a human life and particularly deprives the most innocent and vulnerable human beings of the basic right to live.

This bill of Senator Madigan's only addresses one small but important aspect of a gigantic, horrendous practice by which nearly two billion humans have been exterminated by abortion over the past forty years.

I ask you to give The Amendment Bill your full support.
