To the Senate Finance and Public Administration Committees.

I am writing to express my opinion about the following five issues which I believe the Senate Finance and Public Administration Committee is currently calling for submissions for, to do with Senator John Madigan's "Health Insurance Amendment (Medicare Funding for Certain Types of Abortion) Bill 2013".

The particular issues I would like you to consider by feelings toward are:

- 1. The unacceptability to Australians of the use of Medicare funding for the purpose of gender selection abortions;
- 2. The prevalence of gender selection with preference for a male child amongst some ethnic groups present in Australia and the recourse to Medicare funded abortions to terminate female children:
- 3. The use of Medicare funded gender-selection abortions for the purpose of 'family-balancing';
- 4. Support for campaigns by United Nations agencies to end the discriminatory practice of gender-selection through implementing disincentives for gender-selection abortions';
- 5. Concern from medical associations in first world countries about the practice of gender-selection abortion, viz. Canada, USA, UK.

It is my belief that the use of abortion as a convenience in Australia is already wrong and well out of hand. To further this in any shape of form, ESPECIALLY AT MY EXPENSE, is an absolute outrage.

I beg our current politicians to look at this issue with grave reservation and to sincerely consider adhering to the United Nations call to end the discriminatory practice of gender-selection abortions. I implore them to look thoroughly at the concerns from medical associations in first world countries about the practice of gender-selection abortion. And then, to do the right thing by STOPPING IT before it begins here in Australia.

Sincerely,

Catriona McKeown
