

G'day,

I support the Health Insurance Amendment (Medicare Funding for Certain Types of Abortion) Bill 2013 because.....

I believe that it is unacceptable for any Australian to use Medicare funding for the purpose of gender selection abortions.

I believe that it is unacceptable that some ethnic groups present in Australia use Medicare funded abortions to terminate female children for the prevalence of gender selection - with preference for a male child.

I also believe that it is unacceptable for any Australian to use Medicare funding for gender-selection abortions for the purpose of 'family-balancing'.

Kind Regards

Dave McCarthy
