
Dear Sir/Madam
FPA, Canberra ACT

I am in support of Sen. Madigan's Health Insurance Amendment - Medicare funding for certain types of abortion Bill 2013 as it discriminates against the unborn based on his or her gender

Medicare funding (tax payers money) should not under any circumstances be used for the abortion of any foetus be it male or female, this is against the **NATURAL LAW** and the Commandment of God that you shall not kill

Medicare funding should be removed when **"the termination is carried out solely because of the gender of the foetus"**

Truly I can hardly contain my anger and frustration when I read of the bills and amendments that are being put before our country's government.

To all politicians - please try and make Christian decisions when these dreadful bills come before you

The politicians making these decisions that are against The Natural Law, have a lot to answer for, here and later

Sincerely yours

Ms Helen White
