To Whom It May Concern,

I am writing to tell you that I support the Health Insurance (Certain Types of Abortions) Amendment Bill 2013.

- It is completely unacceptable that Medicare money is being squandered to fund gender selected abortions.
- This is a form of gendercide that is targeted at devaluing, dehumanising and discrimination of girl babies, as has happened in other countries for many years. Look at the problems those countries are now experiencing! Shouldn't we learn from their mistakes rather than just copying them?
- Medicare benefits should be used for health procedures, not for eliminating babies.

Thankyou in advance for considering the opinions of everyday Australians.

Yours sincerely,

Kara Moseley
