
To Whom it May Concern,

I am writing on behalf of my wife and myself to voice our opposition not only to any form of abortion but specifically at this time gender selection abortion. While this is prevalent in some overseas countries and therefore familiar to ethnic groups within Australia it doesn't make it right. I'm sure the majority of other Australians would agree that we should not be supporting it and that Medicare funding should not be used for this purpose.

I have recently read about the Bill being introduced to Federal Parliament titled: Health Insurance Amendment (Medicare Funding for Certain Types of Abortion) Bill 2013, and would like you to support this bill on our behalf. And on behalf of all Australians who believe in our way of life and a "fair go" for all, because we believe that support for gender selective abortion is not in line with this.

Thank you.

Adrian and Donna Bradbury
