

To whom this concerns im a adult now but was adopted in 1966 my mum was forced by being drugged up in crowns st womans hospital an made to sign me over to be paid for adopted . My mothers partner at the time an who she after 44 years is still with , his family an his older married sybling all attempted to adopt me the hospital rejected them . I was dragged up in a horiffic situation where i was beaten blac n blue. I was assaulted not only physically yet mentally emotionally an although not by the parents but there friends sexually in the grosses maner , leaving me with depths of scares that today have still shaped parts of my an depression looms im constintly being thrown into post tramatic stress disorder no mater how hard i try , an i have no money to pay for the therapy an babysitting cost i will need well .needless to say I married a man like my dad with a mum like my mum. Im constintly being belittled an like many who have been slaves to the paid adoption forced have attempted or some commited suicide , married into hell an divorced . I have prayed all my life to have a voice to be heard to no others went through hell to . So please i hope this letter falls into the right hands because i would like to move forward with one day a feeling of belonging as i have none , i have been so usede to rejection i now have my own sons regecting me . now there suffering which makes my pain greater . Please help me to help myself an others to be recognized where really here an we too desirve a family , of which loves us . something i have never had except once from the love of a x boyfriends parents. Appreciate knowing this me i have been heaard read an someone will let me no how to make a difference an find where i can meet talk some senent an put paper work in as evidence to claim the compensation needed to help rebuild my life an somehow get a family i no this will cost heaps an iv never been able to afford it but with this i will an who nos i may even get to talk to my mum

Thank you
