I Jody Matich would like to register my opposition to the private members bill sponsored by my senator Bob Brown called the Australian Capital Territory self government disallowance and amendment power of the commonwealth bill 2010. Such a bill could be used to bring in Euthanasia and Homosexual civil unions that will mimic marriage both of which I reject because we need to protect our children and elderly as they deserve to have a normal life, to know who their mum and dad is. Life is difficult enough for them without the extra stigma of explaining this new kind of family unit. It is grossly unfair and totally selfish.

Our elderly and sick should not have the added stress of worrying about being 'put down'. Let them live with dignity by reassuring them that no physician has the option of ending their life and 'helping them to die' actively or passively. Please do not open this avenue.
