
To members of Senate Finance & Public Admin. Committees

Dear Sirs/Mesdames,

I am concerned regarding the practice of funding gender-selection of unborn babies by abortion.

This practice should **never** be allowed. It is a waste of tax-payers' hard earned money.

Not only that, I believe every child, regardless of its sex, should be welcomed into a family. I have 4 sons, every one of them valued by me and my husband. They are fine Australian citizens, & our land would be the poorer without them.

Medicare money should **not** be wasted, spent irresponsibly, on the killing of any unborn children.

Please hear my plea!

Sincerely,

Kay Newnham
