

Dear Sir,

I would like to inform you that we are totally in favour of Wind Farms.

We live in Ararat and the Challycome wind farm is visible from nearly every position in our town. I have never heard anyone object and we are really quite proud of the graceful towers.

Along with a number of other organisations, I have been fortunate enough to receive a generous grant from Hydro Pacific on behalf of our local club. These grants make a great deal of difference to our town and a lot of clubs would have no other way to purchase the equipment etc on their own.

We ask you to look favourably on the wind farms as they are clean, green power and are the future for our children.

Your Sincerely,

Mrs Cheryl Shea,
