

**JOINT SELECT COMMITTEE ON AUSTRALIA'S
IMMIGRATION DETENTION NETWORK**

Q55

Question: Why has the department not published an Immigration Detention Statistics Summary since 20 May 2011? If the department has updated the Detention Statistics Summary since then, can they provide the Committee with all the latest copies of that summary?

Answer: The department regularly reviews its statistical reporting publications and the Immigration Detention Statistics Summary has been recently unavailable while a review of the Report has been undertaken. A revised version of the Immigration Detention Statistics Summary for 30 September 2011 which includes updated additional information was published on the website on 14 October 2011 and is attached for the Committee.

Immigration Detention Statistics Summary

30 September 2011

About this report

This report provides an overview of the number of people in immigration detention in Australia as at midnight on the date of the report. The report is produced on a monthly basis.

Data is sourced from several departmental processing and recording systems. Data relating to the immigration detention population is dynamic and there can be delays in transmission of information from the department's immigration detention network operations. Variations in figures between this report and previous issues can occur. Due to these issues, data from the current financial year should always be considered provisional.

Further information about immigration detention is available at www.immi.gov.au/managing-australias-borders/detention.
