Dear Sir

Re:-Senator John Madigan's Health Insurance Amendment (Medicare Funding for certain types of Abortion) Bill 2013.

We are not in favour of Medicare Funding being used for the purpose of funding procedure for the aborting of babies, simply to select the desired gender of the child. This means we consider it inappropriate for Medicare funds to be used in any way to offset the cost of any medical procedures or hospital charges. Medicare funds should not be wasted on personal wishes, but kept for genuine medical needs not choices.

If all baby girls were aborted, in time this could cause a large imbalance in future generations with the resulting problems.

We are not in favour of this Amendment being passed

Yours faithfully

Les Ross
