Parliament House,  
Canberra. ACT 2600

Dear Sir,

I wish to express my support for the  
Health Insurance (Medicare Funding for Certain  
Types of Abortion) Amendment Bill 2013 for the  
following reasons.

1. Aborting a child because of its gender is NOT a  
Medical procedure & should not receive a  
Medicare benefit.
2. The abortion of a child for "family balancing"  
reasons is an intolerable idea & should not be  
supported by the taxpayer.
3. Medicare benefits are there for legitimate  
health care procedures & should not be available  
for such trivial reasons as cultural or  
personal preferences.

Yours faithfully  
(Miss) Diana E. Fox
