Dear Honourable Members of Senate Committee of inquiry and report

I wish to support the Bill, The Health Insurance Amendment(Medical Funding for Certain Types of Abortion)

To request an abortion because of gender would have to be one of the most despicable types of action.

I believe it is our responsibility and the responsibility of the Government to protect all human life, born or unborn.

I can see no reason why an abortion should be allowed because of gender preference.

I would request that no support for such requests be given or encouraged.

Humbly submitted
