

---

Dear Sir,

Aborting a child for "family balancing" reasons is repulsive. It should not be supported by taxpayer funding. Every child should be welcomed anyway whether it is a boy or a girl.

Each child should be valued for its own sake and given the opportunity to be born whether male or female, and to develop to its full potential and become a useful and respected member of society. The thought that taxpayer funding may be being used to abort babies is terrible.

Sincerely,
