
Please accept my submission on the above Bill.

Medicare has been set up for medical procedures. Gender selection abortion is not a medical procedure, and is not allowable for Medicare Funding.

The Science of Embryology demonstrates conclusively that a child is human from conception. It is the duty of our legislators, under the United Nations Declaration of the Rights of the Child, to protect the lives of these children.

The majority of boat people are welcomed into our communities, yet we elect to end the lives of our own progeny on an ever increasing scale.

Thankyou,
