

Additional comments from Coalition Senators

1.1 In reference to Recommendation 1, Coalition Senators further recommend that the review also consider options for excluding current—as well as future—imprudent capital expenditure from a network service provider's regulatory asset base (RAB).

1.2 Coalition Senators further consider that state governments should be accountable for the value of state-owned networks. Responsible ministers should endorse values determined for state-owned networks by the AER.

Senator Anne Ruston
Deputy Chair
