Subject: Barriers to contribute to super

House of representatives Standing Committee on Economics, Finance and Public Administration	
Submission No:.....	32
Date Received:.....	04/08/05
Secretary:.....	fb.

I am a former dairy farmer currently in receipt of approximately \$15 500 pa income by way of the Dairy Restructure Payment. I am not in receipt of any wages. I believe I am being discriminated against by not being able to make a contribution to my super and thereby receive the co-contribution payment from the Federal Government. The Dairy Restructure payment is considered taxable income
