Re : necessary electoral reforms

1. photo ID
2. Each voter to be listed at only one polling booth in electorate
3. optional preferential voting.
Note : in the Griffith bi-election one of the candidates was a K. Rudd impersonator !!
“Deals” distort / trash democracy.
4. security
How can 1300 votes be “misplaced” in the WA Senate? Someone must be responsible and held to account !
Mark off each voter on laptop to stop double voting
5. The Senate paper is too big (ridiculous)
Who approved the “Liberal Democrat” name ?
Far too many small one-issue parties registered for Senate election.
Senate paper could be small with one blank space for voter to write in choice
