

Dear Hon. Sussana Kief MP

We operate a small business in Teriliqua ~ BAYLEY ROOFING ~ HOME MAINTENANCE, as well as REAR SHEDS, a shed construction business.

It appears none cares about us + our community, + the detrimental + disastrous socio-economic problems this so-called MDB "plan" will cause.

We strongly oppose this "plan", + thoroughly support all the rural communities threatened by the tragic outcomes if this plan goes ahead.

LISTEN TO THE PEOPLE ~ they have years of practical experience, living + working in these rural communities (the politicians have none!!) The locals know much more than they are given credit for! They also understand our communities + local environments etc, far more than the politicians ever will!

We need your URGENT consideration + CONSULTATION with the REAR people living in these areas that will be affected, before such an unbalanced, poorly researched + UNFAIR "plan" is brought in.

This will be the "last nail in the coffin" for many local communities around here ~ following the closure of all our Red Gum forests + their timber industries. Workers losing their livelihoods + viable businesses, to be forced onto WELFARE!! It just doesn't make sense ~ A REAR "NO BRAINER"!!!

Not all of us want to live + work in cities ~ we have sustainable businesses + good lives here in the Murray Darling Basin ~ that is, until the Government destroys our communities.

NO WATER, NO MONEY, NO FARMS, NO FOOD, NO COMMUNITIES ~ THE LIST GOES ON!!

PLEASE, do more research on the socio-economic issues AND understand ALL aspects of the MDB "plan" before a decision is made.

OUR LIVES + THE LIVES OF FUTURE GENERATIONS ARE AT STAKE HERE!
