

Additional Comments by Coalition Senators

1.1 Coalition Senators make the following additional comments on the interim report.

1.2 The Senate Select Committee on Red Tape's motivation in addressing the considerable regulatory burden of red tape on business and industry has identified numerous issues over the complexity of Australian tobacco control measures, including the appropriate levels of regulation governing the sale of tobacco products, e-cigarettes and vapers.

1.3 Noting that this is an interim report, Coalition Senators will provide additional comments on these issues once the final report has been tabled.

Senator Dean Smith
