

Odgers' ***Australian Senate Practice***

Twelfth edition 2008

edited by Harry Evans
Clerk of the Senate

ODGERS' AUSTRALIAN SENATE PRACTICE is the authoritative and comprehensive guide to the operations of the Australian Senate and parliamentary lore generally. It is a frequently cited authority in legislative, judicial and other forums when parliamentary matters are involved. This revised and expanded twelfth edition appears at the beginning of a new phase in the history of the Senate, with the change in composition resulting from the 2007 general election.

“This edition appears when the country is entering upon an era of life-and-death policy issues and extremely difficult decisions. As always, there are demands for power to be concentrated in the hands of the central executive government, supposedly to allow it to solve the problems that must be confronted. As always, such demands are misconceived. In this era, scrutiny and accountability of government will be more vital than ever. The greater the policy issues and the more difficult the decisions, the more likely it is that mistakes will be made, and parliamentary scrutiny and control is essential to disclose and remedy those mistakes. Government itself is weakened by lack of accountability. The Senate and its processes provide a large part of the scrutiny that will be required. The means by which it may do so are here recorded.” (from the preface)

Subjects covered include:

- the role of the Senate in Australia's bicameral federal system
- parliamentary privileges, powers and immunities, including inquiry powers
- the legislative process, including hearings on bills by committees
- the protection of civil liberties through the scrutiny of bills and delegated legislation
- elections, the filling of vacancies, qualifications and disqualifications
- conduct of proceedings, motions, amendments, debate, question time etc
- Senate committees and the rights of witnesses who appear before them
- relations with the executive government and claims of public interest immunity
- relations with courts and the judiciary
