- Privilege—Complaint of breach—Matter raised by—**
- Mr Bevis; Acting Speaker stated that he would consider the matter and report to the House at a later time, 862-3. Acting Speaker stated that, having considered the information provided, he had concluded that a *prima facie* case existed and was willing to allow precedence to a motion; motion to refer matter to Committee of Privileges agreed to, 868-9.
- Mrs Bishop; Speaker stated that, on the information available to him, he did not consider that *prima facie* evidence of an issue of privilege was involved, 1682.
- Mr Cameron; Speaker advised the House that he had written to Mr Cameron on 31 July 1995 seeking additional information and that on 11 August 1995 he had received that information from Mr Cameron. The Speaker stated that he had concluded, in accordance with standing order 97A, it would be proper for the complaint to be referred to the Committee of Privileges. He had accordingly referred the matter to the committee in the following terms: Whether a contempt was committed in connection with the execution of a search warrant on the electorate office of Mr E. H. Cameron, MP, on Wednesday, 26 July 1995; reference endorsed by House, 2303-4.

Privilege—Complaint of breach—Matter raised by—*continued*

Mr Cleeland; Speaker stated that he would consider the matter and report to the House, 2626. Speaker stated that, in accordance with the practice of the House, before the complaint could be considered any further, the committee would be required to take whatever steps it could to ascertain the source or sources of disclosure. The Speaker further stated that it would assist if any additional information could be provided on the question of whether substantial interference had occurred, 2649.

Ms Crawford; Deputy Speaker stated that the Acting Speaker would await the results of the committee's deliberations, 900-1. Statement by Mr Charles informing House that the committee had determined that no substantial interference with committee's work had occurred, 931.

Mr R. D. C. Evans; Speaker stated that he would consider the matter raised and report to the House, 2468. The Speaker stated that, whilst he had no difficulty in accepting the Member's claim that an industrial dispute of some nature concerning electoral offices had occurred, it was not clear from the information the Member had presented that there was evidence of improper interference or attempted or intended improper interference with the free performance by Members of their duties as Members. Accordingly, he was not willing to allow precedence to a motion on the matter, 2512.

Mr Ferguson; Speaker stated that he would consider the matter, 557.

Mr Holding; Speaker stated that he would consider the matter and report to the House, 2405. The Speaker referred to the responsibility of Members to have regard to the rights and interests of citizens in their use of the privilege of freedom of speech, but advised the House that whilst acknowledging that some Members may take exception to the actions complained of, on the information available to him there was no evidence to support a conclusion that a *prima facie* case of contempt had been made out. Accordingly, he was not willing to allow precedence to a motion on the matter, 2422.

Mr Howard—

Speaker stated that he would consider the matter, 453. The Speaker stated that he had considered the article and had not felt there had been any attempt at improper interference with the performance of his duties as Speaker and on the information presented there was nothing which would cause him to allow precedence to a motion, 460.

Speaker stated that he would look at the issue, 569. The Speaker stated that the actions complained of were directed specifically at Members and would have affected their capacity to perform their duties as Members and, accordingly, would be justified in allowing precedence to a motion; motion to refer matter to Committee of Privileges agreed to, 593.

Speaker stated that he would consider the matter, 909. The Speaker stated that he had examined Mr Howard's remarks and the article and did not see that the allegations went to the powers, privileges or immunities of the House or its Members and was not willing to allow precedence to a motion on the matter, 921.

Mr Johns; Speaker stated that he would consider the matter, 116. The Speaker stated that, after having made inquiries with regard to the matter, he did not believe that any issue of privilege or contempt was involved, however he would not tolerate any mistreatment of staff of the Parliament in carrying out their duties, 124.

Privilege—Complaint of breach—Matter raised by—continued

- Mr Jones; Deputy Speaker stated that he would bring the matter to the attention of the Speaker, 1303. The Speaker stated that on the information available to him, he did not consider that a *prima facie* case of breach of privilege had been made out; nevertheless the issue was an important one and he had written to the Australian Electoral Commissioner, forwarding a copy of Mr Jones' remarks and drawing attention to the needs of the House in respect of the attendance of its Members, 1330-1. The Speaker presented papers and made a statement in connection with the papers, 1352. *And see* "Motions—*To take note of papers*".
- Mr Katter; Speaker stated that he would consider the matter, 1074. The Speaker stated that it was a borderline case but he was prepared to allow precedence to a motion on the matter; motion to refer question of whether the serving of defamation writs amounted to improper interference in the duties of the Member for Kennedy referred to Committee of Privileges, 1092.
- Mr Keating; Speaker stated that he would consider the matter, 2332. The Speaker stated that the matter would be best left to the judgment of the House and accordingly he was prepared to allow precedence to a motion to be moved in relation to the matter. The Speaker presented papers in relation to the matter. Motion to censure of the Member for Chisholm debated and agreed to, 2345-9.
- Mr Langmore; Speaker stated that he would look at the issues raised and report to the House, 811. The Speaker stated that, on the matter of newspaper articles referring to a draft report of the Standing Committee on the Environment, Recreation and the Arts, he accepted the committee's conclusion and was willing to allow precedence to a motion. On the matter concerning remarks attributed to Mrs Moylan on the ABC radio program AM, the Speaker stated that after examining the transcript it was not clear to him that private deliberations of the committee or the contents of a draft report had been disclosed and, accordingly, would not allow precedence to a motion, 819. Mr Langmore made a statement concerning unauthorised disclosure of draft report; The Speaker stated that he would allow precedence to a motion in respect of the matter; motion to refer matter concerning newspaper reports on proceedings of the Standing Committee on the Environment, Recreation and the Arts to Committee of Privileges agreed to, 981.
- Mr Price; Speaker stated he would consider the matter and respond as quickly as possible, 1840. The Speaker said that no *prima facie* case of breach of privilege or contempt had been made out and that it was not desirable that he be represented in the proceedings. Mr Howard (Leader of the Opposition) asked the Speaker if he would be prepared to allow precedence to a motion to require the Commonwealth Ombudsman to have a copy of her report presented to the House. The Speaker stated that he would consider the matter and report back to the House, 1857. The Speaker stated that as no *prima facie* case of breach of privilege or contempt had been made out there was no basis for allowing precedence to such a motion, 1900.
- Mr Reith; Acting Speaker stated that he would consider the matter and report to the House at a later time, 2001-2. The Acting Speaker advised the House that he did not believe anything improper had occurred or that there was evidence of an attempt to intimidate either the Speaker or himself. The Acting Speaker stated that he did not believe that there was *prima facie* evidence of a breach of privilege or contempt and that he was not willing to allow precedence to a motion on the matter, 2011.

Privilege—Complaint of breach—Matter raised by—continued

Mr Sciacca; Speaker stated that he would consider the matter, 463. The Speaker stated that there was no doubt that intimidation or attempted intimidation of a Member in connection with the performance of the Member's duties could be punished as a contempt and, as Members' correspondence with Ministers was important, was prepared to allow precedence to a motion in respect of this case; motion to refer matter to Committee of Privileges agreed to, 469-70.

Mr L. J. Scott; Speaker stated that he would consider the matter, 436-7. The Speaker stated that the unauthorised disclosure or publication of the contents of a draft report or of the private deliberations of a committee could be regarded as a contempt and was prepared to allow precedence to a motion in respect of the matter; motion to refer matter to Committee of Privileges agreed to, 444. *And see* "Statements".

Mr Simmons; Acting Speaker stated that he would await the results of the committee's deliberations, 1971. Mr Simmons informed the House that the committee had determined that substantial interference with its work had not occurred, 2012.

Mr Sinclair; Speaker stated that he would consider the matter and report to the House later, 2347-8. Speaker made comments on his actions, but stated that he did not wish to be a judge in his own cause in such a matter and in the circumstances he would not prevent Mr Sinclair from moving a motion on the matter; motion to refer matter to Committee of Privileges debated and negatived, 2351-3.

Mrs Sullivan; Speaker stated that he would consider the matter, 437. The Speaker stated that the Procedure Committee should now consider this matter and report to the House accordingly, 444. Dr Blewett (Chairman of Procedure Committee) stated that the committee had considered the matter and concluded that the article did not interfere with the work of the committee, and recommended no further action be taken in relation to the matter, 534.

Mr Truss; Speaker stated that he would await the results of the committee's deliberations, 700. Mr Truss informed the House that the Standing Committee on Environment, Recreation and the Arts had considered the matter and decided not to seek to refer the matter to the Committee of Privileges, 787.

Mr Tuckey; Speaker stated that he would consider the matter, 107. The Speaker stated that the information available to him did not indicate a matter of privilege or contempt existed and, as no *prima facie* case had been made out, was not willing to give precedence to a motion in relation to the matter, 124. The Speaker stated that neither matter involved an issue of privilege, 1047.

Mr Williams; Speaker stated that the Joint Select Committee on Certain Family Law Issues should endeavour to ascertain whether such a case might be sustained and the source of any disclosure, 1099. Mr Price informed the House that the Joint Select Committee on Certain Family Law Issues had determined that there was no serious interference with its work and did not propose to take any further action, 1147.
