The order of the day having been read for the resumption of the debate on the question—That the Bill be now read a second time—

Debate resumed by Mr Brereton who moved, as an amendment—That all words after “That” be omitted with a view to substituting the following words:

“whilst not declining to give this bill a second reading, the House, recognising the key role played by Radio Australia as our public international broadcaster in explaining Australia’s national values to the world, and in particular encouraging closer ties with our Asian and South Pacific neighbours, as well as serving the needs of Australians abroad:

- (1) notes that the Howard Government’s funding cuts to our national public broadcaster, the Australian Broadcasting Corporation, have caused significant adverse funding cuts to Radio Australia;
- (2) notes that these adverse cuts have only been partially restored by the Government’s recent decision to provide Radio Australia with an additional \$9 million over 3 years;
- (3) notes that the Howard Government’s decision to lease the Cox Peninsula transmitter facility has resulted in a severe diminution of Radio Australia’s transmission capacity and ability to reach audiences in Asia;

- (4) notes that this capacity will only be partially restored even if Radio Australia can successfully negotiate transmission capacity from the Cox Peninsula transmitter facility from the current lease holders;
- (5) condemns the Howard Government for this reduction in public funding and transmission capacity for Radio Australia;
- (6) calls upon the Government to maximise Radio Australia's capacity to communicate with our Asian and South Pacific neighbours and for the enhancement of its international broadcasting capacity;
- (7) expresses its concern that the bill makes the Minister for Foreign Affairs and not the Minister for Communications, Information Technology and the Arts responsible for deciding on whether an application for an international broadcasting licence or whether an international broadcasting service is contrary to the national interest; and
- (8) calls upon the Government to amend the bill to provide for the Minister for Foreign Affairs to advise the Minister for Communications, Information Technology and the Arts on whether an application for an international broadcasting service is contrary to the national interest".

Debate continued.

Question—That the words proposed to be omitted stand part of the question—
