GENERAL BUSINESS

Notices of Motion

Notice given 14 February 2002

17 Senator Tierney: To move—That the Senate—

- (a) notes the serious problem of overcrowding in New South Wales public schools, especially when compared with other states across the country;
- (b) acknowledges the shameful results of a New South Wales Teachers Federation survey showing 20 per cent of all classes in each of the first 3 years of primary school being over the Carr Government's own limit, and 32 per cent of all kindergarten classes exceeding suggested class sizes during 2001;

- (c) condemns the Carr Government for putting New South Wales children's education at risk by increasing class numbers and not reducing them as other states are now doing;
- (d) congratulates the Howard Government for increasing funding to New South Wales government schools by 5.2 per cent in 2001, as opposed to Premier Carr's paltry 2.6 per cent; and
- (e) recognises the low priority given to education by the Carr Government, as evidenced by the fact that the amount spent on education as a percentage of total state budget has dropped from 25.5 per cent to 22 per cent in the 7 years since Labor came to power in New South Wales.

Notice given 11 March 2002

23 Senator McGauran: To move—That the Senate—

- (a) notes that:
 - (i) it is the 100th anniversary of the execution of Harry 'Breaker' Morant and Peter Handcock, killed by firing squad during the Boer War for following the orders, take no prisoners,
 - (ii) the court case held for Morant and Handcock was a sham, set up by Lord Kitchener, the giver of the orders Morant and Handcock followed,
 - (iii) the injustice to Breaker and Handcock has plagued Australia's conscience since their execution on 27 February 1902,
 - (iv) in 1902 the then Federal Parliamentarian and later first Governor-General of Australia, Issac Issacs, raised the matter of the execution in Parliament stating that this issue was agitating the minds of the people of this country in an almost unprecedented degree, and questioned the validity of the decision,
 - (v) the reason we need to go back 100 years to now right this wrong, is because Breaker Morant is one of the fathers of our ANZAC tradition; a friend of Banjo Patterson and an inspiration for much of his poetry and described as a man of great courage who would never betray a mate; and a man of whom many of the young ANZACs in World War I had heard and on whom they modelled themselves, and
 - (vi) Lord Kitchener was the Commander-in-Chief of the British Military who made the decision to commit troops to Gallipoli and is responsible for that disastrous campaign;
- (b) calls on the Government to petition directly the British Government for a review of the case, with the aim to quash the harsh sentence of death for Harry 'Breaker' Morant and Peter Handcock; and
- (c) take action to include the names of these two Australians on the Roll of Honour at the Australian War Memorial.

30 Senator Brown: To move—That the Senate—

- (a) notes that the Ministerial Code in the United Kingdom includes a system which deals with acceptance of appointments for ministers after leaving office; and
- (b) calls on the Government to:
 - (i) implement an advisory committee on business appointments, from which a minister would be required to seek advice before accepting

- business appointments within 5 years from the date from which he or she ceased to be a minister, and
- (ii) ban any minister from taking an appointment that is directly related to his or her portfolio for 5 years from the date of resignation.

Notice given 16 May 2002

78 **Senator Tierney:** To move—That the Senate—

- (a) notes that south-eastern Australia is the most fire prone region in the world;
- (b) commends the support provided by the Howard Government to New South Wales in January 2002, in particular, the provision of aerial fire fighting equipment;
- (c) expresses its concern that the state government is whitewashing the causes of the bushfire catastrophe of Christmas 2001 by just blaming pyromaniacs during the current bushfires inquiry;
- (d) calls on the New South Wales Government to give serious consideration to the evidence of State Forests of NSW, which believes that inadequate back-burning was the primary cause of the devastating fires;
- (e) rejects calls from the Nature Conservation Council to restrict hazard reduction;
- (f) calls on the Carr Government to allow non-government committee members to receive witnesses' submissions without having to first request them;
- (g) encourages the inquiry to reach a conclusion based on evidence and not party politics resulting from pressure from extreme green groups; and
- (h) hopes that the lessons learned from the bushfire inquiry will be shared to other state governments so all Australians can avoid such an unnecessary disaster.

Notice given 26 June 2002

108 **Senator Sherry:** To move—That there be laid on the table, on the next day of sitting, the advice by the Australian Prudential Regulation Authority to the Assistant Treasurer under section 230A of the *Superannuation Industry (Supervision) Act 1993*, in relation to applications for financial assistance for superannuation funds where Commercial Nominees of Australia was trustee.

112 **Senator Ridgeway:** To move—That the Senate—

- (a) notes that:
- (i) the week beginning 24 June 2002 is Drug Action Week, aimed at generating community awareness about drug and alcohol abuse and the solutions being used to tackle these issues,
- (ii) each day of Drug Action Week highlights a different theme and the theme on 27 June 2002 is Indigenous issues,
- (iii) the misuse of alcohol and other drugs has long been linked to the deep levels of emotional and physical harm suffered by Indigenous communities since the colonisation of Australia,
- (iv) alcohol and tobacco consumption rates continue to remain high in the Indigenous population, against declining rates in the general population, and the increasing use of heroin in urban, regional and rural Indigenous communities is also of particular concern,

- (v) substance misuse is probably the biggest challenge facing Indigenous communities today, as it affects almost everybody either directly or indirectly and is now the cause as well as the symptom of much grief and loss experienced by Indigenous communities, and
- (vi) the demand for the services of existing Indigenous-controlled drug and alcohol rehabilitation centres far exceeds the current level of supply;
- (b) acknowledges the essential role of Indigenous community-controlled health services in providing long-term, culturally-appropriate solutions for substance abuse; and
- (c) calls on the Government to:
 - (i) fund the national substance misuse strategy, developed by the National Aboriginal Community Controlled Health Organisation, which is designed to build the necessary capacity within the Indigenous health sector so communities can address their health and well-being needs in a holistic and culturally-appropriate manner, and
 - (ii) improve coordination between Commonwealth, state, territory and local governments on these issues and ensure this facilitates greater Indigenous control over the development and implementation of all health programs.

Notice given 19 August 2002

120 **Senator Ray:** To move—That the Senate—

- (a) notes:
 - (i) the claims in the *Age* newspaper of 15 August 2002 that the McGauran family is financially supporting the Democratic Labour Party of Australia (DLP) in its attempt to retain registration under the provisions of the Electoral Act,
 - (ii) that two of the three Victorian National Party representatives in the Federal Parliament are from the McGauran family and have, on occasions, relied on DLP preferences,
 - (iii) the comments of the DLP Secretary, Mr John Mulholland, when he said, 'It would be in Senator Julian McGauran's interests for the DLP to survive this de-registration moved by the Electoral Commission', and
 - (iv) the immense amount of money made by the McGauran family from its poker machine interests in Altona, some of which is apparently going to fund the DLP's legal expenses; and
- (b) calls on Senator McGauran and the Minister for Science (Mr McGauran), to explain their knowledge of their family's involvement in funding the DLP's legal bills.

Notice given 22 August 2002

139 **Senator Mackay:** To move—That the Senate—

- (a) congratulates the Australian Capital Territory Legislative Assembly:
 - (i) on becoming the first state or territory legislature to remove abortion from the criminal code, and
 - (ii) for repealing the appalling law which required women seeking abortions to first look at pictures of foetuses;

- (b) notes that this landmark legislation should serve to encourage all remaining states and territories to enact similar legislative changes; and
- (c) notes that the Australian Capital Territory legislation recognises that abortion is a decision for women and is not something that should carry the threat of a jail term.

Notice given 16 September 2002

156 **Senator Allison:** To move—That the Senate—

- (a) notes that:
 - (i) the Deaflympic Games will be held in Melbourne in 2005; and
 - (ii) Deaf Sports Recreation Victoria has set up a Games Organising Committee to begin planning and organising this international event which will see the participation of 4 000 deaf athletes and officials from over 90 countries; and
- (b) urges the Prime Minister (Mr Howard) to respond to the correspondence from Deaf Sports Recreation Victoria and to offer support for the Deaflympic Games.

Notice given 19 September 2002

175 **Senator Tierney:** To move—That the Senate—

- (a) deplores comments made in the New South Wales Parliament on Tuesday, 17 September 2002, by the State Minister for Education and Training (Mr Watkins), which misrepresented the future direction of universities in Australia and, in particular, the role of rural and regional universities;
- (b) notes that the Minister for Education, Science and Training (Dr Nelson) has put on the record that regional universities will not be disadvantaged by the current reform process;
- (c) further notes that the Federal Minister told all state education ministers, including Mr Watkins, in July 2002 that Australia would not be returning to second tier, teaching-only, higher education institutions; and
- (d) congratulates the Federal Minister for his comprehensive and inclusive review of higher education in Australia.

Notice given 24 September 2002

184 **Senator Stott Despoja:** To move—That the Senate—

- (a) notes:
 - (i) the commitment of the Government and Mr John Loy, Chief Executive Officer (CEO) of Australian Radiation Protection and Nuclear Safety Agency (ARPANSA), to a demonstrated store for radioactive waste by 2005,
 - (ii) the commitment of the Government and Mr Loy to a second spent fuel reprocessing pathway for spent fuel from the Lucas Heights reactor,
 - (iii) the commitment in the Lucas Heights environmental impact statement (EIS), EIS supplementary report and EIS assessment report to a radioactive waste store by 2005,
 - (iv) the ARPANSA site licence assessment regarding a potential operating licence at Lucas Heights that, 'A license to operate would not be issued by ARPANSA without there being clear and definite

means available for the ultimate disposal of radioactive waste and spent nuclear fuel’,

- (v) that the recent comments by Mr Loy on the Australian Broadcasting Corporation’s *PM* program indicating that the ‘new’ deadline for a store is now 2025 and that provision for second country reprocessing is no longer required are in direct contradiction to previous commitments, and
- (vi) that it recently passed a second reading amendment that:
 - (A) noted the view of the CEO of ARPANSA that arrangements for taking the spent fuel and turning it into a reasonable waste form need to be absolutely clear before the new reactor at Lucas Heights commences operation, and there needs to be clear progress on siting a store for the waste that returns to Australia, and
 - (B) expressed its opinion that until all matters relating to safety, storage and transportation of nuclear materials associated with the new reactor at Lucas Heights are resolved, no operating licence related to the new reactor at Lucas Heights should be issued by ARPANSA; and
- (b) calls on the CEO of ARPANSA to:
 - (i) reaffirm commitments made to the Australian people as part of the EIS process, and
 - (ii) act in conformity with the Senate’s second reading amendment.

Notice given 17 October 2002

215 **Senator Tierney:** To move—That the Senate—

- (b) expresses alarm that New South Wales state government spending on education currently lags \$318 million a year below the Australian national average;
- (c) notes that New South Wales primary schools have the worst student-to-teacher ratios in Australia and some of the largest class sizes in the country;
- (d) further notes that the Vinson report into public education demonstrates the under resourcing of the public education system in New South Wales by the Carr Government; and
- (e) congratulates New South Wales Opposition Leader, John Brogden, who vowed on 24 September 2002 to spend more on public schools and backed the need to reduce class sizes.

- (iii) that any mining would have involved the removal of two dune systems and the construction of a major port facility on the edge of the Great Barrier Reef, and
 - (iv) that the cancellation of the leases had been called for by the traditional owners, the Wuthathi people, to enable them to have greater access to, and involvement in, this special area of their traditional lands; and
- (b) congratulates the Beattie Government for its sensible decision, and the many conservation, indigenous, political and community groups who have campaigned so long to achieve this outcome.

Notice given 8 September 2003

- (a) condemns the Howard Government's decision to strip, without warning, the tax returns of Australian families who have been overpaid family payments as callous and unfair to parents trying to survive under increasing financial pressures;
 - (b) notes that this is not consistent with the statement of the Minister for Family and Community Services (Senator Vanstone) in July 2001 in which she assured families that, 'The Government has also decided that it would be easier for any family who still had an excess payment to have it recovered by adjusting their future payments, rather than taking it from their tax refund.  - (ii) in every year from the commencement of Medicare in 1984 through to 1996, bulk billing rates for GPs increased, but that, in every year since the election of the Howard Government, bulk billing rates have decreased;
 - (b) recognises that the unavailability of bulk billing hurts those Australians who are least able to afford the rising costs of health care and those who are at greatest risk of preventable illness and disease;

 - (c) its lack of a thorough examination of the environmental impact of this plan, in particular the possible dangers caused by the site's proximity to the Woomera rocket range, and the serious concerns of both the Department of Defence and private contractors on this issue (*Senator Buckland, in continuation, 6 February 2003*).

- (iii) the Governor-General has admitted that he made a serious error in doing so,
- (iv) Dr Peter Hollingworth, through his actions while in the Office of Governor-General, in particular his interview on ‘Australian Story’ and his apparent ‘reconstruction’ of evidence before the Diocesan Board of Inquiry, has shown himself not to be a person suitable to hold the Office of Governor-General,
- (v) members of the House of Representatives, senators, and premiers and members of state parliaments have called upon the Governor-

General to resign, or failing that, to be dismissed by the Prime Minister,

- (vi) the Governor-General is now no longer able to fulfil his symbolic role as a figure of unity for the Australian people,
 - (vii) the Governor-General is now no longer able to exercise the constitutional powers of the Office in a manner that will be seen as impartial and non-partisan,
 - (viii) the Governor-General's action in standing aside until the current Victorian Supreme Court action is resolved, does not address any of the issues surrounding his behaviour as Archbishop of Brisbane, and is therefore inadequate,
 - (ix) the Governor-General has failed to resign and the Prime Minister has failed to advise the Queen of Australia to dismiss him, and
 - (x) the Australian Constitution fails to set out any criteria for the dismissal of a Governor-General or a fair process by which this can be achieved; and
- (b) urges:
- (i) the Prime Minister to establish a Royal Commission into child sexual abuse in Australia, and
 - (ii) the Governor-General to immediately resign or, if he does not do so, the Prime Minister to advise the Queen of Australia to terminate the Commission of the Governor-General—(*Senator Ludwig, in continuation, 13 May 2003*).

And on the amendment moved by Senator Murphy—Omit all words after "That", substitute "the Senate—

- (a) notes with concern that:
- (i) Dr Peter Hollingworth, while in the Office of Governor-General, gave in an interview on 'Australian Story', a version of events which have been found by the diocesan Board of Inquiry to be untrue, and
 - (ii) the same Board of Inquiry found that they could not accept Dr Hollingworth had a belief that the child sexual abuse was an isolated incident and that his handling of the matters was untenable;
- (b) finds that:
- (i) the circumstances that have developed around the Office of Governor-General are doing irreparable damage to the Office and must be resolved,
 - (ii) the conclusions of the report of the Anglican Church clearly demonstrates that Dr Hollingworth failed in his duty as Archbishop,
 - (iii) such failing in a position of significant public trust renders Dr Hollingworth an unsuitable person to fill the Office of Governor-General,
 - (iv) the Governor-General's action in standing aside until the current Victorian Supreme Court action is resolved does not address any of the issues surrounding his behaviour as Archbishop of Brisbane, and is therefore inadequate,
 - (v) the Governor-General is now no longer able to fulfil his symbolic role as a figure of unity for the Australian people, and
 - (vi) the Governor-General is now no longer able to exercise the constitutional powers of the Office in a manner that will be seen as

impartial and non-partisan; and, therefore, in light of these unacceptable circumstances

(c) urges:

- (i) the Governor-General to immediately resign or, if he does not do so, the Prime Minister to advise the Queen of Australia to terminate the Commission of Governor-General, and
- (ii) the Prime Minister to establish a Royal Commission into child sexual abuse in Australia” (*Senator Collins, in continuation, 14 May 2003*).

61 Health—Medicare—Bulk billing

Adjourned debate on the motion of Senator McLucas—That the Senate—

- (a) condemns the most damaging effects of the Government’s proposed reforms to Medicare, which will create a user-pays, two-tiered health system in Australia and dismantle the universality of Medicare;
- (b) acknowledges that the first of the damaging effects of the Government’s reform package is to cause bulk-billing rates to decline further, and that these reforms do nothing to encourage doctors to bulk bill any Australians other than pensioners and concession cardholders but make it clear that the Government considers bulk billing to be a privilege that accrues only to a subset of Australians, not an entitlement that all Australians have as a result of the Medicare charge;
- (c) notes that the second most damaging effect of the Government’s proposed changes to Medicare is the facilitation and encouragement of higher and higher co-payments to be charged by medical practitioners, and that a central plank of the Government’s package is the facilitation of co-payments to be charged by doctors who currently bulk bill Australian families, as well as to make it easier for doctors who currently charge a co-payment to increase the amount of this co-payment; and
- (d) notes, with concern, that the Government seeks to allow private health funds to offer insurance for out-of-pocket expenses in excess of \$1 000, a measure which, if implemented, would inflate health insurance premiums as well as be a real step towards a user-pays system in Australia where people who can afford co-payments and insurance premiums will be treated when they are sick, whereas those individuals and families on lower incomes will be forced to go without medical assistance (*Senator Eggleston, in continuation, 19 June 2003*)

67 **Regional Australia**

Adjourned debate on the motion of Senator O'Brien—That the Senate—

- (a) notes, with grave concern, the crisis enveloping rural and regional Australia;
- (b) condemns the Howard Government for its neglect of rural and regional Australians, in particular, its failure to:
 - (i) adequately respond to the growing drought,
 - (ii) provide timely and appropriate assistance to the sugar industry, and
 - (iii) support essential services including health, banking, employment and telecommunications; and

Second reading—Adjourned debate (*Senator Greig, in continuation, 18 September 2003*).

69 **Health—Medicare—Bulk billing**

That the Senate—

- (a) notes, with grave concern, the crisis in Australia's health system, including:
 - (i) bulk billing rates falling by more than 12 per cent since 1996,
 - (ii) 10 million fewer services being bulk-billed each year by general practitioners than in 1996,
 - (iii) the 59 per cent rise since 1996 in the average amount patients are required to pay to see a general practitioner (GP),
 - (iv) the largely unaddressed GP workforce shortage, which government policies have exacerbated,
 - (v) the unaddressed shortages in nurses, dentists, radiographers and other vitally-needed health professionals,
 - (vi) emergency departments in public hospitals being strained by the increasing numbers of patients who could have been attended to by a GP, and
 - (vii) frail aged people being accommodated in acute hospital beds because there is nowhere else for them to go; and

- (b) calls on the Government to respond to community concerns about its health policies, as evidenced by tens of thousands of petitions, by:
- (i) addressing the health crisis in co-operation with the states,
 - (ii) strengthening Medicare by taking steps to ensure universal access to bulk-billing, and
 - (iii) ensuring that enough GPs, nurses, dentists, radiographers and other vitally-needed health professionals are trained and retained in the health system—(*Senator Barnett, in continuation, 18 September 2003*).

Notice given 22 April 2003

1403 **Senator Allison:** To ask the Minister representing the Prime Minister—

- (1) With reference to a claim made by the Prime Minister before the war that only the threat of force by the United States of America (US) allowed the United Nations Monitoring Verification and Inspection Commission (UNMOVIC) weapons inspectors back into Iraq, and given that it was the threat of force by Washington which pulled the weapons inspectors out of Iraq in March 2003 before they could complete their work (as in December 1998), does the Prime Minister now concede that the threat of force failed again to disarm Iraq of its weapons of mass destruction.
- (2) What is the Government's response to the claim of the Executive Chairman of UNMOVIC, Dr Blix, that the US was guilty of 'fabricating' evidence against Iraq to justify the war, and his belief that the discovery of weapons of mass destruction had been replaced by the main objective of the US of toppling Saddam Hussein (The Guardian, 12 April 2003).
- (3) With reference to claims made by the Prime Minister before the war that there was no doubt that Iraq had weapons of mass destruction and that that this was the primary reason for Australia's participation in the 'coalition of the willing', what is the Prime Minister's position now that, even after the collapse of the regime in Baghdad, no weapons of mass destruction have been found despite United States Defence Secretary Donald Rumsfeld's claim to know where they are.
- (4) Given the Prime Minister's statements that 'regime change' was only a secondary concern for Australia, does the Government agree that the primary justification for the war may prove to be a lie.
- (5) If, as the Prime Minister repeatedly claimed, Iraq had weapons of mass destruction and Saddam Hussein could not be contained or deterred, what is the Government's analysis of why they were not used in the regime's terminal hours against the invading US, United Kingdom and Australian forces.
- (6) With reference to the Prime Minister's argument that stopping the spread of weapons of mass destruction was a primary motive for Australia's participation in a war against Iraq: (a) is the Government concerned that one of the direct effects of the war may be the proliferation of weapons of mass destruction to third parties, including other so called 'rogue states' and possibly terrorist groups, and (b) what analysis has the Government done of this likelihood, and (c) can details be provided.
- (7) Does the Prime Minister now regret saying just before the war (at the National Press Club and elsewhere) that Saddam Hussein could stay on in power providing he got rid of his weapons of mass destruction, thus allowing him to continue the repression of Iraqis; if so, what circumstances altered the Prime Minister's view.

- (6) Have the proponents of Basslink provided details as to how the cables are to be kept in close proximity in order to reduce the magnetic field; if so, can these details be provided.
- (7) Is it the case that cables will now be installed in separate ducts or trenched through the dune system; if so, what assessment has been made of the impact on dunes.

- (14) Given the advice from Basslink that coaxial cables and underground cables rather than pylon transmission would increase the cost beyond \$500 million and make the project unviable, what does the Government understand to be the viability of the project now that it is estimated to cost \$780 million.
- (15) What information does the Government have about how this additional cost will be funded.
- (16) Is it the case that the Tasmanian Government is underwriting the profits of National Grid International's subsidiary, Basslink Pty Ltd.

1992 **Senator Allison:** To ask the Minister representing the Minister for Health and Ageing—

- (1) How many children in Australia were diagnosed formally with autistic disorder in each of the years 1983 to 2002 by: (a) age group; and (b) state and territory.
- (2) How many children in Australia were diagnosed formally with Asperger's syndrome in each of the years 1983 to 2002 by: (a) age group; and (b) state and territory.
- (3) How many children in Australia were diagnosed formally with pervasive developmental disorders and/or autism spectrum disorders in each of the years 1983 to 2002 by: (a) age group; and (b) state and territory.
- (4) (a) Can an explanation be provided for the disparity in Australian Institute of Health and Welfare data from 1998 that shows adult rates of autism spectrum disorder to be significantly lower than those for children, given that this is a life-long condition; and (b) to what extent can the disparity be attributed to better diagnosis.
- (5) Does the Government agree with recent comments by Professor Fiona Stanley that there is an epidemic of autism; if so, what is the extent of the epidemic.
- (6) With reference to the December 2002 report of the Employment, Workplace Relations and Education References Committee, 'Education of students with disabilities', which cites the incidents of autism as 27 to 93 per population of 10 000, to what extent does the Government regard autism spectrum disorder as a health problem.
- (7) What are the assumptions that underlie the fact that in Australian Bureau of Statistics statistics, children with autism are grouped with those with intellectual disability.
- (8) Is the Government aware that a survey of paediatricians in Victoria in 2002 identified autism as one of the more difficult areas of practice.
- (9) What measures has the Government adopted for ensuring that children with autism spectrum disorders receive effective, evidence-based treatment for their condition.
- (10) Is the Government aware that the Medical Journal of Australia editorial, 2003, said in relation to autism spectrum disorder: 'The early intervention that has been subjected to the most rigorous assessment is behavioural intervention. There is now definite evidence that behavioural intervention improves cognitive, communication, adaptive and social skills in young children with autism. Most young children with autism in Australia do not receive intensive behavioural intervention programs – partly because such programs are not recommended by many health professionals and partly because of their prohibitive cost for families'.
- (11) What efforts have been made by the Commonwealth to see that: (a) health professionals are adequately informed in the diagnoses and treatment of children with autism spectrum disorder; (b) affordable, evidence-based early intervention from specialist behavioural psychologists is available for all children with autism spectrum disorders; and (c) all children with autism

spectrum disorders can readily access appropriate early intervention and treatment such as speech therapy, occupational therapy and physiotherapy.

- (12) With reference to the establishment by the United Kingdom Government of specialist research institutes for autism spectrum disorders, has the Government considered doing so in Australia; if not, why not.
- (13) (a) What research is currently underway; and (b) what is planned in the future looking into the cause, diagnosis and/or treatment of autism spectrum disorders in Australia.

1993 **Senator Lees:** To ask the Minister for Immigration and Multicultural and Indigenous Affairs—With reference to the tendering process currently underway for Aboriginal Legal Rights Movement (South Australia) services:

- (1) Given that the timeline provided by the Aboriginal and Torres Strait Islander Service (ATSIS) to the Aboriginal Legal Rights Movement (ALRM) has already been compromised by a delay in calling for tenders, will the deadline be extended to 3 months from the date tenders are called, or will the September deadline for tenders stand.
- (2) Will ALRM be offered a further grant for the remainder of 2003-04 financial year.
- (3) (a) Has ALRM been informed in writing by ATSIS officials that the tendering timetable also states that the new contracts would be awarded in late November 2003 and a contract would come into effect in January 2004.
- (4) Can the Minister explain why that timetable has not been kept, and what timetable will now apply to the tendering of Aboriginal legal services in South Australia.
- (5) Is the Minister aware of correspondence from the Chief Executive Officer of ALRM, dated 22 August 2003, which expresses great concerns about that timetable.
- (6) (a) Is the Minister concerned about a tendering process in May 2003, during which ATSIS officials told ALRM that ‘this is a timetable that may be achieved. It must be understood that any of the above projected dates could change; and the part or all of the process described might not eventuate’; (b) given that the livelihood of staff and the legal outcomes for clients are likely to be affected by the tendering process and any changes it produces, how does the Minister intend to ensure that a more appropriate, clear and reasonable description will be forthcoming from ATSIC and/or ATSIS in its tendering process of this service in the future.
- (7) What provision does the Minister intend to make regarding ALRM’s accrued liabilities, including staff entitlements to long-service and other leave which amount to at least \$412 000, for which ATSIS and ATSIC have been unable to make proper provision in the past.
- (8) (a) Is the Minister aware that ALRM has expressed concerns to ATSIS (letter dated 4 July 2003) that its accrued and unprovided for liabilities have the potential to severely jeopardise its ability to take part in the tendering process; and (b) will the Minister take to ensure that ALRM is not severely jeopardised; if so, what will that action be.
- (9) (a) Given the amount of grant funding provided by ATSIS to ALRM for the period 1 July to 31 December 2003 and the amount of those accrued liabilities, is the Minister aware that ALRM has warned ATSIS that it may have to cease trading at the end of October 2003 in order to meet these

accrued liabilities; and (b) is the Minister prepared to allow this process to force ALRM to cease trading as a result of these unmet liabilities.

- (10) Given that ALRM has warned ATSSIS that it would require at least 8 weeks prior to that time to arrange for proper transfer of all client matters and legal files of some 7 000 matters to alternative legal providers: (a) Has ATSSIS advised the Minister of this correspondence; and (b) has ATSSIS or the Minister proposed any solutions as to how these issues of transition will be dealt with.
- (11) Does the Minister agree with ALRM that the process of tendering should be deferred at least until the end of the 2003-04 financial year, in order that it may be undertaken in a measured and prudent manner, thus avoiding risk of harm to clients and ALRM's employees; if not: (a) why not; and (b) how will this timeline pressure, without disadvantaging ALRM staff and clients, be addressed.
- (12) Given that ATSSIS and ATSSIC have described themselves to the Aboriginal Legal Rights Movement Inc. as a 'supplementary funder of legal services': (a) can an explanation of this relationship be provided; and (b) what, if any, consultation has the Minister had with the State Government of South Australia about its view that this is an area of Commonwealth responsibility.
- (13) How does the Minister intend to ensure that the tendering process, in future, will provide adequate funding to ALRM.
- (14) What steps are being considered to secure funding from other sources for ALRM in South Australia.
- (15) Given that the staff and management of ALRM have chosen to maintain existing staffing levels, as far as possible, and to maintain service delivery, and that since 1992, other than slight safety net increases from 1998, staff wages have not increased: Will the Minister now ensure sufficient funding for wage parity between equivalent legal officers and para-legal officers at the Legal Services Commission of South Australia and those employed by ALRM.
- (16) Did the strategic National State Directions Strategy of the ATSSIS Law and Justice Branch state that the Office of Evaluation and Audit within ATSSIC has estimated that the gap between the funding of the Aboriginal and Torres Strait Islander Legal Services (ATSILS) and the funding required to make them commensurate with mainstream legal services, is in the order of \$22 million.
- (17) Does the Minister agree with ATSSIS that 'these funds are not likely to be made available; if they are not likely to be made available, why.
- (18) What is the Minister's response to the recommendations of ALRM (through review processes, workshops and meetings with ATSSIC and through direct submissions to ATSSIC since May 2001), for the creation of a National Professional Indemnity Insurance Scheme for ATSILS throughout Australia in the interests of prudent financial management, in the provision of Aboriginal Legal Services nationwide.
- (19) (a) Does the Minister agree that under the 'Enterprise Bargaining Agreement' covering employees of ATSSIC, now transferred to ATSSIS, the equivalent wages and conditions for employees are to be maintained.
- (20) Given that, as an ATSSIS funded organisation, ALRM is not able to provide an enterprise bargaining agreement or wage increases to its staff because ATSSIC and/or ATSSIS does not provide the necessary funding increase to

allow for such wage increases: how will the Minister ensure provision is made to rectify this inequity.

- (21) (a) Is the Minister satisfied with ATSIC's response to requests for further funding to cover the cost of an enterprise bargaining agreement, that in comparison to other under-funded ATSILS throughout Australia, ALRM is in no worse or better position than any other; and (b) does this mean that the funding provided to ATSILS across the country similarly impairs the enterprise bargaining processes these organisations.
- (22) (a) Has the Minister initiated any studies to be undertaken of the effectiveness of the contestability policy of ATSIC and/or ATSIIS in relation to Aboriginal Legal Services; if so: (i) what studies were initiated, (ii) when were they undertaken, and (iii) what do these they show.
- (23) Given that the Indigenous people of South Australia are among the most disadvantaged, distressed, over-imprisoned and stressed communities in this State: what consideration has been given to the question of whether managed competition, through quasi internal markets, is a suitable response to the provision of legal services to Indigenous people.
- (24) Has the Minister recognised the particular expertise and experience of the existing staff of ALRM to provide specialised legal assistance to the Indigenous client group.
- (25) Has the Minister appraised whether the private legal profession of South Australia is in a position to provide such specialist services at a cost equivalent to that provided by ALRM: if so, what is the Minister's appraisal and in regard to this, will the Minister consider the view of the office of Evaluation and Audit within ATSIC, that ALRM provides approximately \$9.2 million worth of legal services per annum, at an aggregate cost of \$3.4 million.

- (1) Given that there is an apparent discrepancy in the Australian Grand Prix Corporation's (AGPC) claim of 55 billion television viewers of the Formula 1 series, (350 million viewers per race, multiplied by 17, the number of races, equals 5.9 billion, not 55 billion), and given that the figure of 350 million per race also cannot be proved, is the Minister satisfied that the Formula 1 Grand Prix is an event of international significance; if so, why.
- (2) Given that according to the AGPC, spending by additional overseas visitors attracted by the Formula 1 Grand Prix equates to \$15.3 million; that this spending equates to about \$3 million in actual profit (assuming normal commercial margins); and that the operating loss of the event is now \$10 to 12 million, a major factor being the race licence fee (believed to be \$20-25 million, exported in US dollars): does the Minister consider that losing the event would cause economic hardship to Australia; if so, why.
- (3) Given that the grounds on which the AGPC applied for an exemption from the *Tobacco Advertising Prohibition Act 1992* appear to be incorrect, will the Minister give consideration to cancelling the exemption for the 2004 race; if not, why not.
- (4) In light of the Government's recently-stated intention to sign the Framework Convention on Tobacco Control: (a) can the Government confirm that this includes a commitment not to permit the export of tobacco advertising; and (b) does this mean that the Australian Grand Prix, because it is broadcast worldwide, will not receive an exemption from the requirements of the Tobacco Advertising Act for 2004 and beyond; if not, why not.

Receipt of gifts – declaration

The Senate resolves that the following procedures apply for the declaration by senators of their receipt of any gift intended by the donor to be a gift to the Senate or the Parliament:

- (1) (a) Any senator, including any Senate office holder and any senator who is a leader or a member of a parliamentary delegation, who in any capacity receives any gift which is intended by the donor to be a gift to the Senate or the Parliament must, as soon as practicable, place the gift in the custody of the Registrar of Senators' Interests and declare receipt of the gift to the Registrar.
- (b) A gift is to be taken as intended to be a gift to the Senate or the Parliament where:
 - (i) the donor expressly states that the gift is to the Senate or to the Parliament; or
 - (ii) the identity of the donor, the nature of the occasion, or the intrinsic significance or value of the gift is such that it is reasonable to assume that the gift was intended for the Senate or the Parliament.
- (ba) In the absence of express intent, it will not be assumed that a gift was intended for the Senate or the Parliament where the gift has a value below the following thresholds:
 - (i) \$750 when given by an official government source; or

- (ii) \$300 when given by a private person or non-government body on any occasion when the senator is present in his or her capacity as a senator, Senate office-holder or delegation leader or member.
- (bb) In the absence of express intent, it will not be assumed that a gift was intended for the Senate or the Parliament merely because the gift has a value above those thresholds.
- (c) The Registrar of Senators' Interests is to maintain a public Register of Gifts to the Senate and the Parliament.
- (d) The Committee of Senators' Interests is to recommend to the President whether, and how, the gift may be used or displayed in Parliament House, including in the office of any senator, or used or displayed on loan elsewhere, including in a museum, library, gallery, court building, government building, government office or other place.
- (e) Where a gift given to a senator is intended to be for the Parliament, the President is to consult with the Speaker prior to agreeing to a recommendation of the committee as to its use, display or loan.
- (f) Where the President disagrees with a recommendation of the committee, the President is to report the disagreement to the Senate, which may determine the use, display or loan of the gift in question.
- (g) In making recommendations the committee is to take into account the intention of the Senate that gifts are to be used, displayed or loaned in a way which:
 - (i) reflects proper respect for the intentions of the donor and the dignity of the Senate or the Parliament;
 - (ii) recognises the interest of the public in gifts to the Senate or the Parliament; and
 - (iii) takes account of practical issues including space, custody, preservation and propriety in the use, display or loan of such gifts.
- (h) Where a senator is uncertain of the nature of a gift the senator may request advice from the committee.
- (i) When a senator who is using or displaying a gift ceases to be a senator, the senator may retain the gift:
 - (i) if its value does not exceed the stated valuation limits of \$750 for a gift received from an official government source, or \$300 from a private person or non-government body; or
 - (ii) if the senator elects to pay the difference between the stated valuation limit and the value of the gift, as obtained from an accredited valuer selected from the list issued by the Committee for Taxation Incentives for the Arts. The Department of the Senate will be responsible for any costs incurred in obtaining the valuation.
- (j) If the senator does not retain the gift in accordance with paragraph (i), the senator must return the gift to the registrar, who shall:
 - (i) dispose of it in accordance with instructions from the Committee of Senators' Interests, as set out in paragraph 1(d) of this resolution; or

- (ii) arrange its donation to a nominated non-profit organisation or charity, at the discretion of the senator who has returned the gift and the Committee of Senators' Interests.
 - (k) Any senator subject to paragraph (j) must formally acknowledge relinquishment of the senator's claim to ownership of any surrendered gifts.
 - (l) Where a senator disagrees with the advice of the committee the senator is to report the disagreement to the Senate, which may determine the nature of the gift and its use, display or loan, if any.
 - (m) In paragraph (1) a reference to a gift to the Parliament includes a gift given to a senator for the House of Representatives.
- (2) This resolution applies to a gift received by the spouse, family member or staff member of a senator on any occasion when the senator is present in his or her capacity as a senator, Senate office holder or delegation leader or member, as if the gift had been received by the senator.
- (3) The committee:
- (a) is empowered to consider any matter placed before it pursuant to this resolution, and for the purposes of this resolution the committee has the powers provided in the resolution of 17 March 1994 establishing the committee; and
 - (b) may make, and must as soon as practicable thereafter table, procedural rules to facilitate the operation of this resolution.
- (4) Any senator who:
- (a) knowingly fails to tender and declare a gift that is taken to be a gift to the Senate or the Parliament as required by this resolution; or
 - (b) knowingly fails to return to the Registrar a gift which it was agreed or determined the senator might use or display; or

A GUIDE TO THE DAILY NOTICE PAPER

The *Notice Paper* is issued each sitting day and contains details of current business before the Senate. Its structure is based on four main types of business, as follows:

Matters of privilege take precedence over all other business and are listed at the beginning of the *Notice Paper* when they arise. They consist of notices of motion which the President has determined warrant such precedence and any orders relating to uncompleted debates on such motions.

Business of the Senate has precedence over government and general business for the day on which it is listed. It includes disallowance motions, orders of the day for the presentation of committee reports, motions to refer matters to standing committees, motions for leave of absence for a senator and motions concerning the qualification of a senator.

Government business is business initiated by a minister. It takes precedence over general business except for a period of 2½ hours each week set aside on Thursdays for general business.

General business is all other business initiated by senators who are not ministers. It takes precedence over government business only as described above.

Within each of these categories, business consists of notices of motion and orders of the day:

Notices of motion are statements of intention that senators intend to move particular motions on the days indicated. They are entered on the *Notice Paper* in the order given and may be given jointly by two or more senators. Notices of motion are usually considered before orders of the day.

Orders of the day are items of business which the Senate has ordered to be considered on particular days, usually arising from adjourned debates on matters (including legislation) or requirements to present committee reports.

On days other than Thursdays, the *Notice Paper* records in full current items of business of the Senate and government business, but includes only new items of general business from the previous sitting day. On Thursdays, business relating to the consideration of government documents, committee reports and government responses to committee reports is also published.

Other sections in the *Notice Paper* are as follows:

Orders of the day relating to committee reports and government responses follows government business and lists orders of the day for adjourned debates on motions to consider or adopt committee reports and government responses which have been presented during the week. These orders may be considered for one hour on Thursdays at the conclusion of general business. New items appear in the following day's *Notice Paper*. The section is printed in full on Thursdays.

Orders of the day relating to government documents appears in general business and lists orders of the day for adjourned debates on motions to take note of government documents. Such orders arise from consideration of the government documents presented on a particular day and include consideration of any documents not reached on the day. They are also listed for consideration for one hour on Thursdays during the consideration of general business. New items appear in the following day's *Notice Paper*. The section is printed in full on Thursdays.

Business for future consideration lists any notice of motion or order of the day to be considered on a specific day in the future; for example, a committee report ordered to be presented on a specific date, or a notice of motion given for a day other than the next day of sitting.

Bills referred to committees lists all bills or provisions of bills currently being considered by committees.

Questions on notice includes the text of new questions on notice and lists the numbers of unanswered questions.

Orders of the Senate includes orders of short-term duration such as orders for production of documents and those relating to days of sitting for a period of sittings.

Contingent notices of motion are statements of intention by senators that, contingent on a specified occurrence, they may move a motion, usually to suspend standing orders. They are grouped by subject.

Temporary chairs of committees: is a daily list of all senators appointed to take the chair in the absence of the President or Deputy President.

Categories of committees: is a daily list, categorised by type, of Senate and joint committees. Details of each committee appear in the committee section.

Committees: a daily list of Senate and joint committees, including membership, current inquiries and reports presented on or since the previous sitting day.

Senate appointments to statutory authorities lists the statutory authorities on which the Senate is represented and details of representation.

Ministerial representation lists Senate ministers and the portfolios they represent.

A GUIDE TO THE FULL NOTICE PAPER

On the first day of each period of sittings a full *Notice Paper* is printed listing all outstanding business before the Senate, including the full text of all unresolved notices of motion and unanswered questions on notice. This edition is a complete reference to unresolved business from earlier in the session and is useful to keep. All business before the Senate is published daily in the full electronic version of the *Notice Paper*, available on ParlInfo and on the parliament's Internet site.

Inquiries concerning the *Notice Paper* or business listed in it may be directed to the Senate Table Office on (02) 6277 3015.
