GENERAL BUSINESS

Notices of Motion

Notice given 14 February 2002

- 17 **Senator Tierney:** To move—That the Senate—
- (a) notes the serious problem of overcrowding in New South Wales public schools, especially when compared with other states across the country;
 - (b) acknowledges the shameful results of a New South Wales Teachers Federation survey showing 20 per cent of all classes in each of the first 3 years of primary school being over the Carr Government's own limit, and 32 per cent of all kindergarten classes exceeding suggested class sizes during 2001;
 - (c) condemns the Carr Government for putting New South Wales children's education at risk by increasing class numbers and not reducing them as other states are now doing;
 - (d) congratulates the Howard Government for increasing funding to New South Wales government schools by 5.2 per cent in 2001, as opposed to Premier Carr's paltry 2.6 per cent; and
 - (e) recognises the low priority given to education by the Carr Government, as evidenced by the fact that the amount spent on education as a percentage of total state budget has dropped from 25.5 per cent to 22 per cent in the 7 years since Labor came to power in New South Wales.

Notice given 11 March 2002

- 23 **Senator McGauran:** To move—That the Senate—
- (a) notes that:
 - (i) it is the 100th anniversary of the execution of Harry 'Breaker' Morant and Peter Handcock, killed by firing squad during the Boer War for following the orders, take no prisoners,
 - (ii) the court case held for Morant and Handcock was a sham, set up by Lord Kitchener, the giver of the orders Morant and Handcock followed,
 - (iii) the injustice to Breaker and Handcock has plagued Australia's conscience since their execution on 27 February 1902,
 - (iv) in 1902 the then Federal Parliamentarian and later first Governor-General of Australia, Issac Issacs, raised the matter of the execution in Parliament stating that this issue was agitating the minds of the people of this country in an almost unprecedented degree, and questioned the validity of the decision,
 - (v) the reason we need to go back 100 years to now right this wrong, is because Breaker Morant is one of the fathers of our ANZAC tradition; a friend of Banjo Patterson and an inspiration for much of

his poetry and described as a man of great courage who would never betray a mate; and a man of whom many of the young ANZACs in World War I had heard and on whom they modelled themselves, and

- (vi) Lord Kitchener was the Commander-in-Chief of the British Military who made the decision to commit troops to Gallipoli and is responsible for that disastrous campaign;
- (b) calls on the Government to petition directly the British Government for a review of the case, with the aim to quash the harsh sentence of death for Harry 'Breaker' Morant and Peter Handcock; and
- (c) take action to include the names of these two Australians on the Roll of Honour at the Australian War Memorial.

30 **Senator Brown:** To move—That the Senate—

- (a) notes that the Ministerial Code in the United Kingdom includes a system which deals with acceptance of appointments for ministers after leaving office; and
- (b) calls on the Government to:
 - (i) implement an advisory committee on business appointments, from which a minister would be required to seek advice before accepting business appointments within 5 years from the date from which he or she ceased to be a minister, and
 - (ii) ban any minister from taking an appointment that is directly related to his or her portfolio for 5 years from the date of resignation.

Notice given 16 May 2002

78 **Senator Tierney:** To move—That the Senate—

- (a) notes that south-eastern Australia is the most fire prone region in the world;
- (b) commends the support provided by the Howard Government to New South Wales in January 2002, in particular, the provision of aerial fire fighting equipment;
- (c) expresses its concern that the state government is whitewashing the causes of the bushfire catastrophe of Christmas 2001 by just blaming pyromaniacs during the current bushfires inquiry;
- (d) calls on the New South Wales Government to give serious consideration to the evidence of State Forests of NSW, which believes that inadequate back-burning was the primary cause of the devastating fires;
- (e) rejects calls from the Nature Conservation Council to restrict hazard reduction;
- (f) calls on the Carr Government to allow non-government committee members to receive witnesses' submissions without having to first request them;
- (g) encourages the inquiry to reach a conclusion based on evidence and not party politics resulting from pressure from extreme green groups; and
- (h) hopes that the lessons learned from the bushfire inquiry will be shared to other state governments so all Australians can avoid such an unnecessary disaster.

Notice given 26 June 2002

112 Senator Ridgway: To move—That the Senate—

- (a) notes that:
- (i) the week beginning 24 June 2002 is Drug Action Week, aimed at generating community awareness about drug and alcohol abuse and the solutions being used to tackle these issues,
 - (ii) each day of Drug Action Week highlights a different theme and the theme on 27 June 2002 is Indigenous issues,
 - (iii) the misuse of alcohol and other drugs has long been linked to the deep levels of emotional and physical harm suffered by Indigenous communities since the colonisation of Australia,
 - (iv) alcohol and tobacco consumption rates continue to remain high in the Indigenous population, against declining rates in the general population, and the increasing use of heroin in urban, regional and rural Indigenous communities is also of particular concern,
 - (v) substance misuse is probably the biggest challenge facing Indigenous communities today, as it affects almost everybody either directly or indirectly and is now the cause as well as the symptom of much grief and loss experienced by Indigenous communities, and
 - (vi) the demand for the services of existing Indigenous-controlled drug and alcohol rehabilitation centres far exceeds the current level of supply;
- (b) acknowledges the essential role of Indigenous community-controlled health services in providing long-term, culturally-appropriate solutions for substance abuse; and
- (c) calls on the Government to:
- (i) fund the national substance misuse strategy, developed by the National Aboriginal Community Controlled Health Organisation, which is designed to build the necessary capacity within the Indigenous health sector so communities can address their health and well-being needs in a holistic and culturally-appropriate manner, and
 - (ii) improve coordination between Commonwealth, state, territory and local governments on these issues and ensure this facilitates greater Indigenous control over the development and implementation of all health programs.

Notice given 24 September 2002

184 Senator Stott Despoja: To move—That the Senate—

- (a) notes:
- (i) the commitment of the Government and Mr John Loy, Chief Executive Officer (CEO) of Australian Radiation Protection and Nuclear Safety Agency (ARPANSA), to a demonstrated store for radioactive waste by 2005,
 - (ii) the commitment of the Government and Mr Loy to a second spent fuel reprocessing pathway for spent fuel from the Lucas Heights reactor,
 - (iii) the commitment in the Lucas Heights environmental impact statement (EIS), EIS supplementary report and EIS assessment report to a radioactive waste store by 2005,

- (iv) the ARPANSA site licence assessment regarding a potential operating licence at Lucas Heights that, 'A license to operate would not be issued by ARPANSA without there being clear and definite means available for the ultimate disposal of radioactive waste and spend nuclear fuel',
- (v) that the recent comments by Mr Loy on the Australian Broadcasting Corporation's *PM* program indicating that the 'new' deadline for a store is now 2025 and that provision for second country reprocessing is no longer required are in direct contradiction to previous commitments, and
- (vi) that it recently passed a second reading amendment that:
 - (A) noted the view of the CEO of ARPANSA that arrangements for taking the spent fuel and turning it into a reasonable waste form need to be absolutely clear before the new reactor at Lucas Heights commences operation, and there needs to be clear progress on siting a store for the waste that returns to Australia, and
 - (B) expressed its opinion that until all matters relating to safety, storage and transportation of nuclear materials associated with the new reactor at Lucas Heights are resolved, no operating licence related to the new reactor at Lucas Heights should be issued by ARPANSA; and
- (b) calls on the CEO of ARPANSA to:
 - (i) reaffirm commitments made to the Australian people as part of the EIS process, and
 - (ii) act in conformity with the Senate's second reading amendment.

Notice given 17 October 2002

- (b) expresses alarm that New South Wales state government spending on education currently lags \$318 million a year below the Australian national average;
- (c) notes that New South Wales primary schools have the worst student-to-teacher ratios in Australia and some of the largest class sizes in the country;
- (d) further notes that the Vinson report into public education demonstrates the under resourcing of the public education system in New South Wales by the Carr Government; and
- (e) congratulates New South Wales Opposition Leader, John Brogden, who vowed on 24 September 2002 to spend more on public schools and backed the need to reduce class sizes.

Notice given 18 March 2003

393 **Senator Stott Despoja:** To move—That the Senate—

 - (ii) the financial strain on coffee farming families reduces their capacity to meet their basic needs, including schooling, food and medicines,
 - (iii) a lack of money in coffee-producing communities, together with overburdened health-care systems, threatens the stability of already vulnerable economies, and
 - (iv) intensive farming methods, adopted by reason of financial necessity, seriously damage the natural environment;
- (b) acknowledges the financial support provided by the Government through AusAid to rural development and other assistance for coffee producing nations; and

 - (ii) this decision by the ABC was taken in response to insufficient funding to allow the ABC to deliver its full range of services; and
- (b) given the Government's direct responsibility for the lack of funding, calls on Senator Abetz to more usefully use his ministerial influence to lobby his colleagues, the Minister for Communications, Information Technology and the Arts (Senator Alston) and the Prime Minister (Mr Howard), to provide sufficient funding to the ABC to allow the show to be continued.

- 27 **Family and Community Services—Family tax benefits**
Adjourned debate on the motion of Senator Ludwig—That the Senate—
- (a) condemns the Howard Government's decision to strip, without warning, the tax returns of Australian families who have been overpaid family payments as callous and unfair to parents trying to survive under increasing financial pressures;
 - (b) notes that this is not consistent with the statement of the Minister for Family and Community Services (Senator Vanstone) in July 2001 in which she assured families that, 'The Government has also decided that it would be easier for any family who still had an excess payment to have it recovered by adjusting their future payments, rather than taking it from their tax refund. This is because people may have earmarked their refund for use for specific things';
 - (c) considers that the Government's 2-year-old family payments system is deeply flawed, given that it delivered average debts of \$850 to 650 000

Australian families in the 2001-02 financial year and continues to punish families who play by the rules; and

- (d) condemns the Howard Government and its contemptible attack on Australian families (*Senator Tierney, in continuation, 22 August 2002*).

28 Health—Medicare—Bulk billing

Adjourned debate on the motion of Senator Evans—That the Senate—

- (a) notes that:

 - (ii) in every year from the commencement of Medicare in 1984 through to 1996, bulk billing rates for GPs increased, but that, in every year since the election of the Howard Government, bulk billing rates have decreased;
- (b) recognises that the unavailability of bulk billing hurts those Australians who are least able to afford the rising costs of health care and those who are at greatest risk of preventable illness and disease;
- (c) condemns the Howard Government's failure to take responsibility for declining rates of bulk billing; and
- (d) calls on the Minister for Health and Ageing (Senator Patterson) to release publicly the June 2002 quarter bulk billing figures so that the true extent of the problem is made known (*Senator Moore, in continuation, 29 August 2002*).

Adjourned debate on the motion of Senator Sherry—That the Senate notes the Howard Government's third term failures on superannuation, including:

- (c) the failure to accurately assess the administrative burden on small business of the Government's third attempt at superannuation choice and deregulation;

48 **Environment—National radioactive waste repository**

Adjourned debate on the motion of Senator Carr—That the Senate condemns the Government for:

- (a) its failure to respect the rights of the people of South Australia in its consultation process over the location of the planned low-level radioactive waste repository;
- (b) its decision to replace effective and meaningful consultation and discussion with a \$300 000 propaganda campaign, designed to sway the opinions of South Australians towards locating the repository in that state, in the absence of genuine efforts to provide accurate and exhaustive information on the suitability of the selected site, close to Woomera; and
- (c) its lack of a thorough examination of the environmental impact of this plan, in particular the possible dangers caused by the site's proximity to the Woomera rocket range, and the serious concerns of both the Department of Defence and private contractors on this issue (*Senator Buckland, in continuation, 6 February 2003*).

 - (b) notes that:
 - (i) late payments by big businesses are a major issue for small businesses as they create cash flow problems,

59 Governor-General

Adjourned debate on the motion of the Leader of the Opposition in the Senate (Senator Faulkner)—That the Senate—

- (a) notes with concern that:
- (i) the Government has failed to respond to evidence of sexual abuse of children in our society and within our public institutions,
 - (ii) the independent report of the Diocesan Board of Inquiry found that Dr Peter Hollingworth, while occupying a position of public trust as Archbishop of Brisbane, allowed a priest to remain in the ministry after an admission of sexual abuse, and the Board of Inquiry found this decision to be ‘untenable’,
 - (iii) the Governor-General has admitted that he made a serious error in doing so,
 - (iv) Dr Peter Hollingworth, through his actions while in the Office of Governor-General, in particular his interview on ‘Australian Story’ and his apparent ‘reconstruction’ of evidence before the Diocesan Board of Inquiry, has shown himself not to be a person suitable to hold the Office of Governor-General,
 - (v) members of the House of Representatives, senators, and premiers and members of state parliaments have called upon the Governor-General to resign, or failing that, to be dismissed by the Prime Minister,
 - (vi) the Governor-General is now no longer able to fulfil his symbolic role as a figure of unity for the Australian people,
 - (vii) the Governor-General is now no longer able to exercise the constitutional powers of the Office in a manner that will be seen as impartial and non-partisan,
 - (viii) the Governor-General’s action in standing aside until the current Victorian Supreme Court action is resolved, does not address any of the issues surrounding his behaviour as Archbishop of Brisbane, and is therefore inadequate,
 - (ix) the Governor-General has failed to resign and the Prime Minister has failed to advise the Queen of Australia to dismiss him, and
 - (x) the Australian Constitution fails to set out any criteria for the dismissal of a Governor-General or a fair process by which this can be achieved; and
- (b) urges:
- (i) the Prime Minister to establish a Royal Commission into child sexual abuse in Australia, and
 - (ii) the Governor-General to immediately resign or, if he does not do so, the Prime Minister to advise the Queen of Australia to terminate the Commission of the Governor-General—(*Senator Ludwig, in continuation, 13 May 2003*).

And on the amendment moved by Senator Murphy—Omit all words after “That”, substitute “the Senate—

- (a) notes with concern that:
- (i) Dr Peter Hollingworth, while in the Office of Governor-General, gave in an interview on ‘Australian Story’, a version of events

which have been found by the diocesan Board of Inquiry to be untrue, and

- (ii) the same Board of Inquiry found that they could not accept Dr Hollingworth had a belief that the child sexual abuse was an isolated incident and that his handling of the matters was untenable;
- (b) finds that:
- (i) the circumstances that have developed around the Office of Governor-General are doing irreparable damage to the Office and must be resolved,
 - (ii) the conclusions of the report of the Anglican Church clearly demonstrates that Dr Hollingworth failed in his duty as Archbishop,
 - (iii) such failing in a position of significant public trust renders Dr Hollingworth an unsuitable person to fill the Office of Governor-General,
 - (iv) the Governor-General's action in standing aside until the current Victorian Supreme Court action is resolved does not address any of the issues surrounding his behaviour as Archbishop of Brisbane, and is therefore inadequate,
 - (v) the Governor-General is now no longer able to fulfil his symbolic role as a figure of unity for the Australian people, and
 - (vi) the Governor-General is now no longer able to exercise the constitutional powers of the Office in a manner that will be seen as impartial and non-partisan; and, therefore, in light of these unacceptable circumstances
- (c) urges:
- (i) the Governor-General to immediately resign or, if he does not do so, the Prime Minister to advise the Queen of Australia to terminate the Commission of Governor-General, and
 - (ii) the Prime Minister to establish a Royal Commission into child sexual abuse in Australia" (*Senator Collins, in continuation, 14 May 2003*).

60 Textbook Subsidy Bill 2003—(Senate bill)—(Senator Stott Despoja)

Second reading—Adjourned debate (*Senator Stott Despoja, in continuation, 18 June 2003*).

61 Health—Medicare—Bulk billing

Adjourned debate on the motion of Senator McLucas—That the Senate—

- (a) condemns the most damaging effects of the Government's proposed reforms to Medicare, which will create a user-pays, two-tiered health system in Australia and dismantle the universality of Medicare;
- (b) acknowledges that the first of the damaging effects of the Government's reform package is to cause bulk-billing rates to decline further, and that these reforms do nothing to encourage doctors to bulk bill any Australians other than pensioners and concession cardholders but make it clear that the Government considers bulk billing to be a privilege that accrues only to a subset of Australians, not an entitlement that all Australians have as a result of the Medicare charge;
- (c) notes that the second most damaging effect of the Government's proposed changes to Medicare is the facilitation and encouragement of higher and higher co-payments to be charged by medical practitioners, and that a

central plank of the Government's package is the facilitation of co-payments to be charged by doctors who currently bulk bill Australian families, as well as to make it easier for doctors who currently charge a co-payment to increase the amount of this co-payment; and

- (d) notes, with concern, that the Government seeks to allow private health funds to offer insurance for out-of-pocket expenses in excess of \$1 000, a measure which, if implemented, would inflate health insurance premiums as well as be a real step towards a user-pays system in Australia where people who can afford co-payments and insurance premiums will be treated when they are sick, whereas those individuals and families on lower incomes will be forced to go without medical assistance (*Senator Eggleston, in continuation, 19 June 2003*)

62 Freedom of Information Amendment (Open Government) Bill 2003—(Senate bill)—(Senator Murray)

67 Regional Australia

Adjourned debate on the motion of Senator O'Brien—That the Senate—

- (b) condemns the Howard Government for its neglect of rural and regional Australians, in particular, its failure to:
- (i) adequately respond to the growing drought,
 - (ii) provide timely and appropriate assistance to the sugar industry, and

 - (i) bulk billing rates falling by more than 12 per cent since 1996,
 - (ii) 10 million fewer services being bulk-billed each year by general practitioners than in 1996,
 - (iii) the 59 per cent rise since 1996 in the average amount patients are required to pay to see a general practitioner (GP),
 - (iv) the largely unaddressed GP workforce shortage, which government policies have exacerbated,
 - (v) the unaddressed shortages in nurses, dentists, radiographers and other vitally-needed health professionals,
 - (vi) emergency departments in public hospitals being strained by the increasing numbers of patients who could have been attended to by a GP, and
 - (vii) frail aged people being accommodated in acute hospital beds because there is nowhere else for them to go; and
- (b) calls on the Government to respond to community concerns about its health policies, as evidenced by tens of thousands of petitions, by:
 - (i) addressing the health crisis in co-operation with the states,
 - (ii) strengthening Medicare by taking steps to ensure universal access to bulk-billing, and
 - (iii) ensuring that enough GPs, nurses, dentists, radiographers and other vitally-needed health professionals are trained and retained in the health system—(*Senator Barnett, in continuation, 18 September 2003*).

77 Trade—Free Trade Agreement

Adjourned debate on the motion of Senator Conroy—That the Senate—

- (a) expresses great concern that the Howard Government has sold out Australian sugar growers;
- (b) notes that:
 - (i) the expected gains from the trade deal with the United States of America (US) are based on unrealistic assumptions, and
 - (ii) the US offered a better deal on agriculture to Chile, El Salvador, Guatemala, Honduras and Nicaragua; and
- (c) has referred the trade deal with the US to a select committee for thorough examination to assess if it is in Australia's national interest—(*Senator Ferris, in continuation, 12 February 2004*).

80 Superannuation—Retirement income measures

Adjourned debate on the motion of Senator George Campbell—That the Senate—

- (a) condemns the Liberal Government for the underlying thrust of its recently-announced retirement incomes measures, that Australians should forget full-time retirement and work longer and longer – in reality, work until they drop;
- (b) while acknowledging that the Government's announced policies may be of value to some retirees, considers that they must be implemented with a guarantee that:
 - (i) current access ages for superannuation, 55 for those born before 1 July 1960, phasing up to a retirement age of 60 for those born after 30 June 1964,
 - (ii) current eligibility ages for the age pension of 62 and 65 years, and
 - (iii) indexation of the age pension to Male Total Average Weekly Earnings,
 shall be maintained;
- (c) notes that:
 - (i) Australia does not face a retirement incomes 'crisis' resulting from the ageing of the population, because of the efficiency and effectiveness of the combined operation of the age pension and the 9 per cent superannuation guarantee contribution, and

- (ii) there is active discrimination occurring in the workforce against those aged 40 and over who are seeking meaningful full-time employment and for whom retirement is the only option; and
- (d) is of the opinion that:
 - (i) all Australians are entitled to retire at a time of their choosing to enjoy rest, recreation, community activity and family, at their leisure, and
 - (ii) for many Australians, it is impractical to expect them to work beyond the current retirement ages because they will not be able to find either full- or part-time work, or the nature of their employment involves a mandatory retirement age or is of such a physically and mentally stressful nature that employment beyond the current retirement age is not possible—(*Senator McGauran, in continuation, 4 March 2004*).

Notice given 22 April 2003

1403 **Senator Allison:** To ask the Minister representing the Prime Minister—

- (1) With reference to a claim made by the Prime Minister before the war that only the threat of force by the United States of America (US) allowed the United Nations Monitorings Verification and Inspection Commission (UNMOVIC) weapons inspectors back into Iraq, and given that it was the threat of force by Washington which pulled the weapons inspectors out of Iraq in March 2003 before they could complete their work (as in December 1998), does the Prime Minister now concede that the threat of force failed again to disarm Iraq of its weapons of mass destruction.
- (2) What is the Government's response to the claim of the Executive Chairman of UNMOVIC, Dr Blix, that the US was guilty of 'fabricating' evidence against Iraq to justify the war, and his belief that the discovery of weapons of mass destruction had been replaced by the main objective of the US of toppling Saddam Hussein (The Guardian, 12 April 2003).
- (3) With reference to claims made by the Prime Minister before the war that there was no doubt that Iraq had weapons of mass destruction and that that this was the primary reason for Australia's participation in the 'coalition of the willing', what is the Prime Minister's position now that, even after the collapse of the regime in Baghdad, no weapons of mass destruction have been found despite United States Defence Secretary Donald Rumsfeld's claim to know where they are.
- (4) Given the Prime Minister's statements that 'regime change' was only a secondary concern for Australia, does the Government agree that the primary justification for the war may prove to be a lie.
- (5) If, as the Prime Minister repeatedly claimed, Iraq had weapons of mass destruction and Saddam Hussein could not be contained or deterred, what is the Government's analysis of why they were not used in the regime's terminal hours against the invading US, United Kingdom and Australian forces.
- (6) With reference to the Prime Minister's argument that stopping the spread of weapons of mass destruction was a primary motive for Australia's participation in a war against Iraq: (a) is the Government concerned that one of the direct effects of the war may be the proliferation of weapons of mass destruction to third parties, including other so called 'rogue states' and possibly terrorist groups, and (b) what analysis has the Government done of this likelihood, and (c) can details be provided.

- (7) Does the Prime Minister now regret saying just before the war (at the National Press Club and elsewhere) that Saddam Hussein could stay on in power providing he got rid of his weapons of mass destruction, thus allowing him to continue the repression of Iraqis; if so, what circumstances altered the Prime Minister's view.

2415 **Senator Mackay:** To ask the Minister representing the Minister for Communications, Information Technology and the Arts—

- (1) Can the Minister confirm that Telstra's basic access revenue increased by \$211 million to \$3.091 billion during the 2002-03 financial year following large line rental increases, despite the number of Telstra basic access lines decreasing from 10.4 million to 10.1 million; and (b) given that call costs

do not appear to have decreased, does this represent a \$200 million increase in Telstra's profits.

- (2) Can the Minister confirm that local call revenue decreased by \$76 million to \$1.567 billion, or approximately 5 per cent, in the 2002-03 financial year and the number of billable local calls also decreased by around 5 per cent from 10.269 billion to 9.794 billion; and (b) does the similar revenue and volume decrease in local calls indicate that Telstra is not passing on reduced local call costs in 2002-03, as required by the price controls which require local call prices to decrease together with other call costs.
- (3) Given that Telstra's annual report apparently indicates that Telstra is making a windfall out of line rental increases, and that the Australian Competition and Consumer Commission has already raised doubts about whether Telstra is complying with price controls, will the Minister investigate whether Telstra is complying with their already generous price control arrangements.

2419 **Senator Mackay:** To ask the Minister representing the Minister for Communications, Information Technology and the Arts—

- (3) Are Telstra call centre staff working to targets that require them to end customer calls as quickly as possible; if so, what are those targets; if not, can an explanation be provided of why Telstra employees often disconnect calls without giving customers the opportunity to thank them for providing a number or change a direction when a customer uses the premium 12456 call connect service.
- (4) (a) What proportion of Telstra customer service call centre staff are in-house Telstra employees; and (b) what proportion of this work is outsourced to private companies.
- (5) Is any Telstra telephone customer service work outsourced overseas; if so, can details be provided.

- 2543 **Senator Cherry:** To ask the Minister representing the Minister for Transport and Regional Services—

- (1) Given that the opening paragraph of the Australian Customs Service Anti-dumping Booklet defines dumping as ‘when an exporter sells a product to Australia at a lower price than the price charged in its home market’, does the department regard the purchase of Japanese used imported vehicles at public auction and/or from legitimate car dealers in competition with the Japanese public as falling within the definition of dumping.
- (2) Does the department have any evidence that vehicles purchased by these means are sold to Australian importers at prices below those in the Japanese market.

- (7) What, if any, are the incentives for Japanese motorists to upgrade or update their cars after 3 years.
- (8) Are there any substantial differences in safety standards between Australia and Japan; if so, what are they.
- (9) Is it correct that the numbers of low volume used imported vehicles have plateaued and that the trend is for only a gradual increase at the market rate over time; if not, what evidence is there for an alternative view.
- (10) With reference to the projections of the Federated Chamber of Automotive Industries, from as early as 1996, indicating that 52 000 or more used imported vehicles would enter the country in 2001, which have never eventuated: did the department rely on this data to justify recent changes to the Low Volume Scheme; if not, what data supported the view that imports would significantly increase and threaten local original equipment manufacturers.
- (11) What is the average age of used imported vehicles and what evidence is used to obtain this age.
- (12) How does this average age affect or threaten sales of new vehicles.
- (13) For each of the years 1999 to 2003, broken down as original manufactured, assembled or fully imported, how many new cars were sold in Australia.
- (14) How many jobs have been lost in the Australian automotive manufacturing industry since 1994 as a direct result of the importation and sale of used imported vehicles.

- (16) How many automotive franchises had compliance for low volume vehicles and were selling low volume imported Japanese or American vehicles.

- (18) How does the Specialist and Enthusiast Vehicle Scheme (SEVS) regime operate in relation to the national competition policy.

- (20) (a) How many small businesses are affected; and (b) how many business closures: (i) are expected, or (ii) have already occurred.
- (21) How many vehicles are manufactured in Australia annually.
- (22) Is there any information concerning the number of jobs that will be affected by the changes to the used low volume vehicle import regulations; if so, can this information be provided for each state.
- (23) Was it intended that the Registered Automotive Workshop Scheme (RAWS) would apply only to used Japanese vehicles and that American and European vehicles would not be affected.
- (24) Has the department conducted any research on the impact of changes relating to the importation of second-hand motor vehicles into New Zealand; if so, what were the findings and are these findings relevant to Australia.
- (25) (a) What is the current average age of the New Zealand vehicle fleet; and (b) what is the current average age of the Australian fleet.
- (26) With reference to Senator Boswell's speech, in which he stated that there was a choice in legislation between the franchisee and the used car importer, and between 48 000 jobs and 6 000: what evidence does the department have in relation to this claim that there were or would be job losses; if so, what is this evidence; if not, where did these figures come from.
- (27) What effect did the introduction of the goods and services tax have on the sale of new cars.

- (29) What are the projections for the next 5 years, in percentage terms and raw numbers, for the importation of new vehicles under the Low Volume Scheme.
- (30) (a) Is it correct that under the former scheme there were fewer than 200 3-year old, or younger, vehicles per year imported under the Low Volume Scheme; (b) how many vehicles under the new SEVS: (i) are expected to be imported that are 3 years old, or younger, per year, and (ii) have been imported since 8 May 2002; and (c) what are the projections for the next 5 years.
- (31) What evidence is there to support the government's position that the importation of low volume used vehicles would significantly affect original vehicle manufacturers.
- (32) (a) What percentages of original manufactured vehicles in Australia were exported in 2002; and (b) what are the projections for the next 5 years, in percentage terms and raw numbers.

- (33) With reference to Senator Boswell's speech, in which he stated that 'Then they registered mum and the kids and had multiple companies, and the cars just flooded in. They went around the system': does the department have any evidence to support the statement that business owners are using their families to get around the system, or that cars are just 'flooding in'.
- (34) How many low volume import businesses are family owned and run.
- (35) Has the department conducted any research on how many vehicles need to be sold to make the importation of these vehicles viable and for legitimate businesses to operate; if so, what were the conclusions of this research.

Notice given 18 February 2004

2546 **Senator Allison:** To ask the Leader of the Government in the Senate—When will the Minister respond to Senator Allison’s letter of 7 April 2003 concerning orders for the production of documents.

2547 **Senator Allison:** To ask the Minister representing the Minister for Health and Ageing—

- (1) Why were products that had been manufactured by companies other than Pan Pharmaceuticals, meeting the Therapeutic Goods Administration’s (TGA) requirements but encapsulated by Pan Pharmaceuticals, included in the 2003 product recall.
- (2) In what sense did these products present an imminent risk of serious illness and death.
- (3) How many products were in this category and can full details be provided.
- (4) Were there any products for which the only involvement of Pan Pharmaceuticals was encapsulation that were not recalled and, if so, can details be provided together with an explanation of why some were recalled and others not.
- (5) Is it the case that Oil of Emu, manufactured by Emu Spirit and encapsulated by Pan Pharmaceuticals, was recalled, but that emu oil products manufactured by Pan Pharmaceuticals are still available in pharmacies and in health food stores; if so, why is this the case.
- (6) On what advice was the TGA raid conducted on Emu Spirit on 12 November 2003.
- (7) What action has been taken regarding the statements made to the media by the TGA media liaison officer, Ms Macnish, concerning Mr Michael Schmidt, Managing Director of ERCA Pty Ltd in January 2004.

2548 **Senator Allison:** To ask the Minister representing the Minister for Foreign Affairs—What is the Government’s response to the following comments made by Mr Al-Baradai, Director-General of the International Atomic Energy Agency on 12 February, and if the Government agrees with any of these comments, what action does the Government intend to take in relation to each:

- (1) The 1968 Nuclear Non-Proliferation Treaty (NPT) needs to be revisited and toughened to bring it in line with the demands of the 21st Century.
- (2) Tougher inspections in the NPT Additional Protocol should be mandatory in all countries.
- (3) The Nuclear Suppliers Group (NSG) needs to be transformed into a binding treaty.
- (4) Controls over the export of nuclear material should be tightened by universalising the export control system, removing loopholes and enacting binding, treaty-based controls.
- (5) The Fissile Material Cutoff Treaty, stalled for nearly 8 years, must be revived which would put an end to the production of fissionable material for weapons.

- (6) Nuclear weapons inspectors must be empowered with much broader rights of inspections and the IAEA should have the right to conduct inspections in all countries.
- (7) Withdrawal from the NPT should not be allowed and, at a minimum, withdrawal should prompt an automatic review by the United Nations Security Council.
- (8) Atomic weapons states who have signed the NPT – the US, China, Russia, Britain and France – should move towards disarmament, as called for in the pact.
- (9) Recent non-proliferation agreements between Russia and the United States should be verifiable and irreversible.
- (10) A clear road map for nuclear disarmament should be established – starting with a major reduction in the 30,000 nuclear warheads still in existence.
- (11) We must [also] begin to address the root causes of insecurity. In areas of longstanding conflict like the Middle East, South Asia and the Korean Peninsula, the pursuit of weapons of mass destruction – while never justified – can be expected as long as we fail to introduce alternatives that redress the security deficit.
- (12) We must abandon the unworkable notion that it is morally reprehensible for some countries to pursue weapons of mass destruction yet morally acceptable for others to rely on them for security – and indeed continue to refine their capacities and postulate plans for their use.

2549 **Senator McLucas:** To ask the Minister representing the Minister for Health and Ageing—

- (4) Can a comparison be provided of out of pocket expenses associated with termination of pregnancy throughout the latest five-year period when compared with other surgical procedures.
- (5) With respect to the Review of MBS items, was termination of pregnancy reviewed; if so, with what effect.
- (6) Is the Department aware of any evidence to suggest that some women may not be in a position to access termination of pregnancy because of cost impediments.

2550 **Senator McLucas:** To ask the Minister representing the Minister for Health and Ageing—

- (1) Have there been any applications for Mifepristone (aka RU486) to be used: (a) in non-surgical medical termination of pregnancies, and (b) for other clinical trials.
- (2) If the answer to (b) is yes, what was the nature of those trials, when were they conducted and by whom.

The plan to remove the ETSS rebate puts quality textbooks out of reach of most medical students. This cuts off a vital source of training and education and will only lead to poor outcomes for our patients', how can the Government justify closing the ETSS in light of these concerns.

That:

A GUIDE TO THE NOTICE PAPER

The *Notice Paper* is issued each sitting day and contains details of current business before the Senate. Its structure is based on four main types of business, as follows:

Matters of privilege take precedence over all other business and are listed at the beginning of the *Notice Paper* when they arise. They consist of notices of motion which the President has determined warrant such precedence and any orders relating to uncompleted debates on such motions.

Business of the Senate has precedence over government and general business for the day on which it is listed. It includes disallowance motions, orders of the day for the presentation of committee reports, motions to refer matters to standing committees, motions for leave of absence for a senator and motions concerning the qualification of a senator.

Government business is business initiated by a minister. It takes precedence over general business except for a period of 2½ hours each week set aside on Thursdays for general business.

General business is all other business initiated by senators who are not ministers. It takes precedence over government business only as described above.

Within each of these categories, business consists of notices of motion and orders of the day:

Notices of motion are statements of intention that senators intend to move particular motions on the days indicated. They are entered on the *Notice Paper* in the order given and may be given jointly by two or more senators. Notices of motion are usually considered before orders of the day.

Orders of the day are items of business which the Senate has ordered to be considered on particular days, usually arising from adjourned debates on matters (including legislation) or requirements to present committee reports.

On days other than Thursdays, the *Notice Paper* records in full current items of business of the Senate and government business, but includes only new items of general business from the previous sitting day. On Thursdays, business relating to the consideration of government documents, committee reports and government responses to committee reports is also published.

Other sections in the *Notice Paper* are as follows:

Orders of the day relating to committee reports and government responses follows government business and lists orders of the day for adjourned debates on motions to consider or adopt committee reports and government responses which have been presented during the week. These orders may be considered for one hour on Thursdays at the conclusion of general business. New items appear in the following day's *Notice Paper*. The section is printed in full on Thursdays.

Orders of the day relating to government documents appears in general business and lists orders of the day for adjourned debates on motions to take note of government documents. Such orders arise from consideration of the government documents presented on a particular day and include consideration of any documents not reached on the day. They are also listed for consideration for one hour on Thursdays during the consideration of general business. New items appear in the following day's *Notice Paper*. The section is printed in full on Thursdays.

Business for future consideration lists any notice of motion or order of the day to be considered on a specific day in the future; for example, a committee report ordered to be presented on a specific date, or a notice of motion given for a day other than the next day of sitting.

Bills referred to committees lists all bills or provisions of bills currently being considered by committees.

Questions on notice includes the text of new questions on notice and lists the numbers of unanswered questions.

Orders of the Senate includes orders of short-term duration such as orders for production of documents and those relating to days of sitting for a period of sittings.

Contingent notices of motion are statements of intention by senators that, contingent on a specified occurrence, they may move a motion, usually to suspend standing orders. They are grouped by subject.

Temporary chairs of committees is a daily list of all senators appointed to take the chair in the absence of the President or Deputy President.

Categories of committees is a daily list, categorised by type, of Senate and joint committees. Details of each committee appear in the committee section.

Committees lists all of Senate and joint committees, including membership, current inquiries and reports presented on or since the previous sitting day.

Senate appointments to statutory authorities lists the statutory authorities on which the Senate is represented and details of representation.

Ministerial representation lists Senate ministers and the portfolios they represent.

The ‘full’ Notice Paper

On the first day of each period of sittings a full *Notice Paper* is printed listing all outstanding business before the Senate, including the full text of all unresolved notices of motion and unanswered questions on notice. This edition is a complete reference to unresolved business from earlier in the session and is useful to keep. All business before the Senate is published daily in the full online version of the *Notice Paper*, available on ParlInfo and on the Senate’s Internet site at aph.gov.au/senate.

Inquiries concerning the *Notice Paper* or business listed in it may be directed to the Senate Table Office on (02) 6277 3018.
