- (4) What magnitude of rainwater collected from roofs would be sufficient to warrant the issuing of specific entitlements to use this class of water as has been proposed by the National Water Commission.
- (5) Does the Government rule out setting an entitlement regime for persons to use water collected from roofs in rainwater tanks; if so, will the Federal Government ask the state governments to amend the NWI Agreement to make clear that no rights to water that falls on a person's roof are vested in governments.
- (6) Is it correct that section 7 of the Victorian *Water Act 1989* states, 'The Crown has the right to the use, flow and control of all water in a waterway and all groundwater'; if so, is it the Commonwealth's view that, for the purposes of the NWI, water from a person's roof comes under this definition.

- (1) Can the Minister confirm that the report of 13 December 2006 by the Australian Institute of Medical Scientists *Review of Australia's Blood Fractionation Arrangements*, found that competitive tendering and offshore fractionation of Australian donated blood plasma will undermine access to intravenous immunoglobulin (IVIg) by:
 - (a) increasing the costs to the Australian health services in the regulation of plasma fractionated off shore;
 - (b) increasing the price of plasma due to increased international handling costs (e.g. transport, special storage and warehousing);
 - (c) reducing the amount of plasma available due to lower yields achieved by offshore fractionation technology;

 - (e) elevating the risk of disturbance of supply (transportation by shipping) the consequences of which are costly and highly disruptive; and
 - (f) undermining of the volunteer ethos of blood donation and the high regard in which the Australian Red Cross Blood Service is held.
- (2) Will the Government be adopting recommendation 10 of the Review which states: 'Australia should maintain its reservation regarding the procurement of blood fractionation services under the Australia - United States Free Trade Agreement. The reservation exempts the procurement of plasma fractionation services from the government procurement provisions in Chapter 15 of the Agreement. The CSL Act should also be maintained.'; if not: (a) why not; and (b) how will the Government ensure that access to intravenous immunoglobulin (IVIg) does not deteriorate by becoming more expensive, less available and less reliable.

- 3095 **Senator Bartlett:** To ask the Minister representing the Minister for Agriculture, Fisheries and Forestry—With reference to the Memorandum of Understanding (MOU) ‘MOU on Handling and Slaughtering of Australian Live Animals’ signed on 3 October 2006 by the Minister and the Egyptian Minister of Agriculture and Land Reclamation, Mr Amin Ahmed Abaza:

- (1) Does the MOU relate to all animals exported from Australia to Egypt.
- (2) Can the Minister confirm that there is no distinction made in the MOU in regard of agreed terms for the treatment of Australian sheep, for example whether they are sent to abattoirs or sold privately for home slaughter.
- (3) (a) Can the Minister confirm that, in Egypt, no enforceable legislation exists to prohibit cruelty to animals, within slaughterhouses or elsewhere, or to ensure that the conditions of the MOU are complied with; and (b) given that there is a lack of animal protection laws and that significant animal welfare issues are documented in Egypt, on what basis did the Minister believe that the conditions of the MOU would be complied with.
- (4) Can the Minister confirm that he and departmental officials were advised by representatives of Animals Australia, prior to the signing of the MOU, that the treatment and handling of sheep in Egypt did not comply with World Organisation for Animal Health (OIE) guidelines due to the prevalent practice of on-selling to private buyers and the inept and unregulated handling and slaughter practices that are used, even in major abattoirs, in Egypt.
- (5) What assurances about animal welfare standards in Egypt, if any, were made to the Australian Quarantine and Inspection Service, and to the Australian Government, prior to the granting of an export permit for a consignment of approximately 40 000 sheep from Australia to Egypt in October and November 2006.
- (6) Can the Minister confirm that he was advised, in correspondence from Animals Australia dated 22 November 2006, that the welfare of the first shipment of sheep to Egypt since the signing of the MOU was at risk as the import was specifically for Eid-al-Adha (the ‘Feast of Sacrifice’), the major religious festival during which sheep are sacrificed in the street and in homes; if so: did the Minister: (a) confirm the information contained in the correspondence; and (b) take action by sending Australian Government representatives to Egypt to monitor the treatment of the sheep that arrived in Egypt in November 2006 in order to assess the adherence to the MOU; if not, why not, given the statement, in the document ‘Frequently asked questions—Live trade export – Egypt on the department’s website, that ‘initial shipments will be closely monitored for compliance with the MOU provisions’.

- (7) Prior to the signing of the MOU, was there any assessment conducted by the Australian Government of market places, abattoirs, transport or handling standards in Egypt, and particularly any assessment of likely adherence to OIE animal welfare guidelines, and therefore the MOU, in regard to sheep; if so, can details of these assessments be provided.
- (8) What assurances were made, by either Mr Abaza or other representatives of the Government of Egypt, to Australian Government representatives in regard to the enforcement of the animal welfare provisions detailed in that MOU, and in particular the adherence to the OIE guidelines for the humane treatment and slaughter of Australian livestock.
- (9) Given that during additional estimates hearings of the Rural and Regional Affairs and Transport Committee in February 2007, Mr Craig Burns, Executive Manager of the International Division of the department, stated, under questioning about the MOU, that the 'focus' is on the way Australian animals are treated in 'abattoirs and official handling facilities' (Committee *Hansard*, 14 February 2007, p. 57P) in Egypt, and that the footage aired on television of the Animals Australia investigation related to 'leakage from that official system' (p. 56P), can the Minister confirm that: (a) in Egypt no official slaughter and handling system is in place for sheep; and (b) for each of the years 2004, 2005 and 2006, Australian sheep have only been exported from Australia to Egypt in the lead-up to the Eid-al-Adha religious festival, and that a large proportion of these sheep are likely to be privately transported and slaughtered.
- (10) Given that the Minister has viewed and is aware of the eye witness, video and photographic evidence, gathered by Animals Australia in Cairo in December 2006, that show multiple and consistent breaches of the OIE guidelines, and therefore the MOU, what measures has the Government taken to investigate the documented breaches.
- (11) What measures can the Australian Government take to compel compliance with welfare requirements within an MOU, apart from refusing to supply livestock.
- (12) (a) What assurances, if any, has Egypt provided that any other shipment of animals from Australia to Egypt will be treated humanely; and (b) if such assurances have been made, does the Minister believe that the conditions of the MOU will be complied with in future given that the Egyptian Government has no capacity to enforce the conditions of the MOU in slaughterhouses or in private premises.
- (13) What further measures will the Australian Government put in place to ensure, and to assure the Australian public, that Australian animals exported to Egypt will be treated in accordance with the OIE guidelines.
- (14) Will the Australian Government refrain from issuing any further export permits for animals from Australia to Egypt if no additional and effective measures are in place to protect these animals.
- (15) Is the Minister aware that the Egyptian Government Organisation of Veterinary Services Animal Welfare Office has recently renewed its policy and practice of authorising the shooting and use of strychnine on stray dogs in the streets of Cairo.

- (16) Given that the Australian Government has, in recent years, negotiated MOUs with Egypt, the United Arab Emirates, Saudi Arabia, Kuwait, Eritrea and Jordan on the trade in live animals which relate to the agreed off-loading of animals into the importing country in the event of a suspected disease issue, and were intended to protect against a rejection of Australian livestock similar to the *Cormo Express* incident and given the breaches of the MOU between Australia and Egypt that have been acknowledged in public statements by the Minister, and the apparent disregard by Egypt of the MOU, what confidence does the Minister have that similar MOUs entered into with the remaining countries will be honoured in the event of a suspected major on-board disease event.
- (17) Will the Australian Government report the failure of the Egyptian Government to adhere to the minimum animal handling and slaughter guidelines to the OIE.

- (1) (a) Can the Minister confirm that the Civil Aviation Safety Authority (CASA) in 2000 undertook to address the issue of guidance for inspectors in assessing airline management and safety system issues; and (b) can details be provided of CASA's intended course of action and the date on which it proposed to take the action.

- (2) Can the Minister confirm that the ATSB made a recommendation, Output No. R20000238, to CASA in 2001 concerning the need for CASA to 'consider widening its existing skill base within the compliance Branch to ensure that CASA audit teams have expertise in all relevant areas, including human factors and management processes'.
- (3) What specific actions did CASA take to meet this recommendation, and on what date were those actions taken.
- (4) On what dates did the ATSB accept CASA's response and close the recommendation file.
- (5) (a) Was CASA's employment of safety system specialists part of its response to this recommendation; (b) what purpose was to be served by their employment; and (c) when were they employed.
- (6) (a) Does the Minister agree that there was insufficient guidance provided to CASA inspectors in assessing Transair's management and safety systems; and (b) does the Minister agree that if this matter had been addressed then one of the contributing safety factors may not have occurred.

3224 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) Is the Minister aware that the Chief Executive Officer of the Civil Aviation Safety Authority, Mr Bruce Byron, told a media conference on 4 April 2007 that CASA's surveillance of Transair was conducted in accordance with CASA procedures.
- (2) (a) Did ATSB find that CASA's oversight of Transair, in relation to the approval of Air Operator's Certificate variations and the conduct of surveillance, was sometimes inconsistent with CASA's policies, procedures and guidelines; and (b) is the Minister aware that Mr Byron told a media conference on 4 April 2007 that the finding was 'not considered a safety factor' by ATSB.
- (3) Does the Minister endorse Mr Byron's comment.
- (4) Is the Minister aware that the ATSB report lists CASA's failure to observe its policies, procedures and guidelines as a safety factor.
- (5) On what basis did Mr Byron make the claim that CASA's failure to observe its policies, procedures and guidelines was not identified as a safety factor by the ATSB.

3225 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau (ATSB) of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) Is the Minister aware that the failure of the Chief Executive Officer of the Civil Aviation Safety Authority, Mr Bruce Byron, to accept responsibility for the contributing safety factors and other safety factors attributed to CASA by the ATSB and related to the causes of the crash has offended and upset family members of the victims.
- (2) Is the Minister aware that some family members of the victims have sought an apology for Mr Byron's rejection of the ATSB's findings; if so, how has the Minister and/or Mr Byron responded to these calls.

- (3) Is the Minister aware that some family members of the victims have called for Mr Byron's removal as Chief Executive Officer of CASA; if so, how has the Minister and/or Mr Byron responded to these calls.
- (4) Has the Minister or the Prime Minister ever written or spoken personally to any of the victims' families to express their condolences for the loss of the 15 lives in the Lockhart River crash; if so, can details be provided of these occasions.

3226 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005, can a copy be provided of the document from which the Chief Executive Officer of the Civil Aviation Safety Authority, Mr Bruce Byron, read from in estimates hearings of the Rural and Regional Affairs and Transport Committee on Monday, 21 May 2007, which he described as 'the answer that I have got' (RRAT Committee *Hansard*, p. 110P).

3227 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau (ATSB) of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) With reference to the 'Chart showing audit dates, audit scope, requests for corrective action observations' attached to the answer to question on notice CASA 18, provided to the Rural and Regional Affairs and Transport Committee on 1 February 2007, were critical observations made about Transair by the Civil Aviation Safety Authority (CASA) as early as 18 May 1998 and not 20 December 1999 as shown in the chart.
- (2) With reference to the 'Summary of CASA oversight of Transair from 1998 to 7 May 2005', Appendix H of the ATSB's final report: (a) did CASA, on 18 May 1998, issue three non-conformance notices against Transair; and (b) is it stated that 'the number of recurring NCNs gives CASA cause for concern' (p. H-1).
- (3) Does the Minister agree that some entries in Appendix H indicate that not only was Transair not complying with regulations, it was deliberately and systematically flouting regulations, for example the entries dated 31 July 1998, 3 September 1998, 6 December 1999, 17 September 2001 and 2 October 2001, 21 July 2004 and 23 July 2004, 28 August 2004, 28 September 2004 and 4 February 2005.
- (4) Given that Appendix H states that Transair advised CASA on 24 September 1999 that it would be fitting predictive ground proximity warning systems to its Metroliner aircraft: (a) how was CASA advised of the decision; (b) did Transair fulfil its undertaking to CASA; and (c) did CASA follow up to ensure that the fitting of the warning systems had occurred.
- (5) Similarly, given that Transair stated that it would be giving video based training to its crew on flight into terrain awareness and that the company operations manual would be amended to reflect that training: (a) how was CASA advised of the decision; (b) did Transair fulfil its undertaking to CASA; and (c) did CASA follow up to ensure that the training had occurred.
- (6) Is it the case that neither the pilot in command nor the co-pilot of VH-TFU had received 'controlled flight into terrain' training.

3228 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau (ATSB) of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) Why did the Minister, on 14 December 1999, remove international Regular Public Transport operations from Transair's Air Operator's Certificate.
- (2) Given that Transair stated on 7 January 2000 that it intended to introduce a quality assurance system and that the system would incorporate a safety system: (a) did this occur; and (b) did the Civil Aviation Safety Authority (CASA) follow up to ensure that it had.
- (3) At the time of the crash, did Transair have a quality assurance system in place, including a safety system; if so, can details be provided of the system that was in place at the time.
- (4) Given that Transair, on 14 January 2000, made various undertakings following the drafting of a show cause notice against its chief pilot: (a) did Transair fulfilled any of these undertakings; and (b) did CASA follow up to ensure that it had.
- (5) Does the ATSB consider that the events outlined in the chart attached to the answer to question on notice CASA 18, provided to the Rural and Regional Affairs and Transport Committee on 1 February 2007, and Appendix H of the ATSB's final report on the crash constitute a consistent pattern through the period of issues not being fixed or corrected.

3229 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) (a) What was the purpose and the methodology used for Safety Trend Indicator (STI) assessments when they were instituted by the Civil Aviation Safety Authority (CASA); (b) why were the assessments instituted; (c) what sort of information did they provide; and (d) how was information obtained in the assessments used by CASA.
- (2) For each STI assessment conducted on Transair, can details be provided of the specific areas assessed, the qualifications and expertise of the officers involved in the assessment, the duration of the assessment, the details of the findings of each assessment and any subsequent action that was taken by CASA.
- (3) (a) Is it the case that of the five STI assessments conducted on Transair that in four of the assessments Transair was listed as a high risk; (b) was a score of 17 registered in April 2000; and (c) is this the highest STI risk score that has been recorded by an Australian airline; if not what is the highest recorded score.
- (4) Is it the case that in October 2002 Transair still recorded an STI score of 12 and that any score over 7 is defined by CASA as being high risk.
- (5) Is it the case that no special audit or spot check was carried out on Transair after December 1999 because CASA inspectors from the Brisbane airline office did not consider Transair to be a high-risk operator.

- (6) (a) Is the Minister aware that in a matter of six months, from October 2002 to May 2003, Transair's weighted STI score fell from 12 to 3, that is from a high-risk operator to a low-risk operator; and (b) what actions taken during in that period, by CASA and/or Transair, led to this change.
- (7) After the abandonment of STI assessments in 2003, why was no replacement made available to CASA, particularly as audits were reduced from being undertaken twice yearly to once yearly.
- (8) Has CASA developed a replacement risk assessment model; if not, does it intend to.
- (9) Does the Minister consider a risk assessment model to be a critical part of CASA's capacity to ensure the safety of the travelling public.
- (10) Is it correct that in 2003 an audit of CASA recommended development of a risk assessment model, and a number of suggestions were provided on how it should work.

3230 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) Did the Civil Aviation Safety Authority (CASA) examine its files on Lessbrook prior to the grant of necessary approvals in relation to setting up the Big Sky operation in New South Wales, including the ports of Grafton, Gunnedah, Taree, Inverell, Cooma and Sydney; if not, why not.
- (2) (a) Did the CASA audit of Transair in September/October 2002 result in 7 requests for corrective action (RCAs) and two observations being issued; (b) did the subsequent 3 CASA audits of Transair, in February and August 2003 and February 2004, result in 1 RCA and 4 observations being issued; and (c) did the CASA audit in August 2004 resulted in 13 RCAs and 16 observations being issued.
- (3) Were there any differences in approach, the number of inspection personnel, the skills and expertise of inspection personnel, the duration of the audits, supervisory rigor, audit scope and content between the three audits of Transair in February and August 2003 and February 2004 and those preceding and after them.
- (4) Can a chart be provided that details all audits of Big Sky Express, including the date and scope of the audit and the number of RCAs and observations issued.
- (5) Can details be provided of any correspondence, written or verbal, contact or meeting between Transair and/or Lessbrook and the Minister and/or members of his staff, the department and CASA in relation to the setting up of Big Sky operations in New South Wales.

3231 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau (ATSB) of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) Were any directions, show causes or conditions issued, at any time in relation to any of the items raised either in the chart attached to the answer to question on notice CASA 18, provided to the Rural and Regional Affairs Committee on 1 February 2007, or to Appendix H of the ATSB's final report; if so, can details be provided.

- (2) Were any of the directions, show causes or conditions referred to in paragraph (1) recommended, for example by the relevant Area Manager, at any time in relation to any of the items raised; if so: (a) was each direction, show cause or condition complied with; (b) how long was taken to comply; and (c) what action was taken by the operator.
- (3) (a) Was consideration given, at any time, to suspend or cancel Transair's Air Operator's Certificate (AOC) on the basis of the issues identified; and (b) were penalties imposed for any of these items; if so what were the penalties.
- (4) (a) Was consideration given, at any time, to the cumulative impact of the items identified between May 1998 and March 2005 with a view to show cause, cancellation or suspension; and (b) can the Minister provide all correspondence between the Civil Aviation Safety Authority and the operator concerning the items raised.
- (5) (a) How many of the problems of a like kind that were raised in the chart or in the summary recurred between May 1998 and the withdrawal of Transair's AOC; and (b) for each problem, what was its nature.
- (6) Given that a number of maintenance issues were raised: (a) who carried out unauthorised maintenance; (b) on whose instructions was it carried out; and (c) in each instance of unauthorised maintenance, what type was undertaken.
- (7) (a) Who were the unauthorised and/or unqualified persons who acted as instructors or conducted pilot checks and training mentioned in the chart and the summary; (b) on how many separate occasions were incidents of this nature identified; and (c) for each occasion, can details be provided.

3232 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau (ATSB) of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) Have all of Transair's approved routes, areas and airports been examined to establish whether all flight and turn times are realistic and fall within prudent limits.
- (2) Given that the ATSB's final report on the crash indicates that VH-TFU was scheduled to depart each terminal on the route no more than 20 minutes after arrival, do the ATSB and CASA consider those turn times were prudent.
- (3) (a) Is it the case that the chart attached to the answer to question on notice CASA 18, provided to the Rural and Regional Affairs and Transport Committee on 1 February 2007, made the observation in relation to an audit of Transair on 16 to 24 August 2004 that the turn times were unrealistic; (b) which routes and aircraft types did this observation apply to; and (b) in each instance, how long after arrival at each terminal the aircraft was scheduled to depart.

3233 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau (ATSB) of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) Does the Minister accept that a pilot can undergo both a ground school and flying conversion course for Metroliner aircraft in one day and be proficient on the type and able to conduct Regular Public Transport flights safely.

- (2) Is it the case that a ground school can consist of reading a training manual and that no formal training is required.
- (3) (a) Who conducted the ground school and flying conversion courses for the two pilots of VH-TFU; (b) was that person qualified; if so, what are those qualifications; and (c) what was the duration and location of each course.
- (4) Are the statements of fact in the ATSB's final report on the crash relating to ground school training consistent with the answer to question on notice CASA 11 from the 2006 additional estimates hearings of the Rural and Regional Affairs and Transport Committee.
- (5) Did the 'fairly fulsome' audit undertaken by the Civil Aviation Safety Authority of Transair in early 2005 identify any of the problems, failures and regulatory breaches identified in the ATSB report.

3234 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005 and in light of the release of the final report into the Lockhart River aviation tragedy by the Australian Transport Safety Bureau, will the Minister now provide the information sought in questions on notice nos 2756 (Senate *Hansard*, 21 March 2007, p. 146) and 2833 (Senate *Hansard*, 22 March 2007, p. 183).

- (1) Is the Minister aware that the Civil Aviation Safety Authority (CASA) Chief Executive Officer, Mr Bruce Byron, told a media conference on 4 April 2007 that 'there were no significant safety breaches [at Transair] that CASA was aware of, that would have led to taking regulatory action against the operator prior to the accident'.
- (2) (a) Can a schedule be provided that lists the regulatory breaches and breaches of the company's operations manual prior to the crash that are identified in the ATSB's final report on the crash; and (b) is the Minister satisfied that none of these breaches constituted significant safety breaches that warranted action prior to the crash.

3236 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005, do Civil Aviation Safety Authority records on the assessment of VH-TFU in regard to the issue of an Australian certificate of airworthiness record the installation of the aircraft's Global Positioning System; if not, why not.

- (2) Were the GPWS annunciators and switches in the cockpit of VH-TFU an estimated 41 degrees to the left of the co-pilot's field of view.
- (3) Was the placement of the visual warnings in the cockpit of VH-TFU consistent with the requirements laid down in CAO 108.36; if so, how were they placed.

3238 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (1) Did the Civil Aviation Safety Authority (CASA) authorise Transair to conduct Regular Public Transport (RPT) cargo-only services between Australia and Papua New Guinea in October 1999.
- (2) Did CASA withdraw authorisation in December 1999 because Transair operated the aircraft VH-TFQ on the RPT service despite not being authorised for RPT operations.
- (3) On how many occasions did Transair operate VH-TFQ on the RPT service without authorisation.
- (4) Did CASA take any other action against Transair for operating VH-TFQ on the RPT service without authorisation; if so, what action.
- (5) Was Transair's unauthorised operation of VH-TFQ on the RPT service taken into account when Transair sought authorisation to conduct RPT passenger operations between Christmas Island and Jakarta in September 2001 consistent with CASA's obligation to satisfy itself that all applicants for the issue of, or variation to, an Air Operator's Certificate have complied with, or are capable of complying with, the provisions of the *Civil Aviation Act 1988*, the regulations and the Civil Aviation Orders that relate to safety; if so, how.
- (6) Similarly, was Transair's unauthorised operation of VH-TFQ on the RPT service taken into account when Transair sought authorisation to conduct RPT passenger operations within Australia consistent with CASA's obligations as stated in paragraph (5).

3239 **Senator McLucas:** To ask the Minister representing the Minister for Transport and Regional Services—With reference to the investigation by the Australian Transport Safety Bureau of the fatal crash of the aircraft VH-TFU at Lockhart River in May 2005:

- (2) The Senate reaffirms its resolution of 20 June 1996, relating to procedures to be followed by committees in cases of unauthorised disclosure of committee proceedings.
- (3) The Senate provides the following guidelines to be observed by committees in applying that resolution, and declares that the Senate will observe the guidelines in determining whether to refer a matter to the Committee of Privileges:
 1. Unless there are particular circumstances involving actual or potential substantial interference with the work of a committee or of the Senate, the following kinds of unauthorised disclosure should not be raised as matters of privilege:
 - (a) disclosure of a committee report in the time between the substantial conclusion of the committee's deliberations on the report and its presentation to the Senate;
 - (b) disclosure of other documents prepared by a committee and not published by the committee, where the committee would have published them, or could appropriately have published them, in any event, or where they contain only research or publicly-available material, or where their disclosure is otherwise inconsequential;
 - (c) disclosure of documents and evidence submitted to a committee and not published by the committee, where the committee would have published them, or could appropriately have published them, in any event;
 - (d) disclosure of private deliberations of a committee where the freedom of the committee to deliberate is unlikely to be significantly affected.
 2. The following kinds of unauthorised disclosure are those for which the contempt jurisdiction of the Senate should primarily be reserved, and which should therefore be raised as matters of privilege:
 - (a) disclosure of documents or evidence submitted to a committee where the committee has deliberately decided to treat the documents or evidence as in camera material, for the protection of witnesses or others, or because disclosure would otherwise be harmful to the public interest;

- (b) disclosure of documents prepared by a committee where that involves disclosure of material of the kind specified in paragraph (a);
 - (c) disclosure of private deliberations of a committee where that involves disclosure of that kind of material, or significantly impedes the committee's freedom to deliberate.
3. An unauthorised disclosure not falling into the categories in guidelines 1 and 2 should not be raised as a matter of privilege unless it involves actual or potential substantial interference with the work of a committee or of the Senate.
 4. When considering any unauthorised disclosure of material in the possession of a committee, the committee should consider whether there was any substantive reason for not publishing that material.
- (4) Before deciding to raise a matter of privilege involving possible unauthorised disclosure of committee proceedings, any committee may seek the guidance of the Committee of Privileges as to whether a matter should be pursued. If the committee decides that such a matter should be raised, it must consult with the Committee of Privileges before taking the matter further.
 - (5) When applying this resolution a committee shall have regard to the matters set out in paragraphs 3.43 to 3.59 of the 122nd Report of the Committee of Privileges, June 2005.

A GUIDE TO THE NOTICE PAPER

The *Notice Paper* is issued each sitting day and contains details of current business before the Senate. Its structure is based on four main types of business, as follows:

Matters of privilege take precedence over all other business and are listed at the beginning of the *Notice Paper* when they arise. They consist of notices of motion which the President has determined warrant such precedence and any orders relating to uncompleted debates on such motions.

Business of the Senate has precedence over government and general business for the day on which it is listed. It includes disallowance motions, orders of the day for the presentation of committee reports, motions to refer matters to standing committees, motions for leave of absence for a senator and motions concerning the qualification of a senator.

Government business is business initiated by a minister. It takes precedence over general business except for a period of 2½ hours each week set aside on Thursdays for general business.

General business is all other business initiated by senators who are not ministers. It takes precedence over government business only as described above.

Within each of these categories, business consists of notices of motion and orders of the day:

Notices of motion are statements of intention that senators intend to move particular motions on the days indicated. They are entered on the *Notice Paper* in the order given and may be given jointly by two or more senators. Notices of motion are usually considered before orders of the day.

Orders of the day are items of business which the Senate has ordered to be considered on particular days, usually arising from adjourned debates on matters (including legislation) or requirements to present committee reports.

On days other than Thursdays, the *Notice Paper* records in full current items of business of the Senate and government business, but includes only new items of general business from the previous sitting day. On Thursdays, business relating to the consideration of government documents, committee reports and government responses to committee reports is also published.

Other sections in the *Notice Paper* are as follows:

Orders of the day relating to committee reports and government responses follows government business and lists orders of the day for adjourned debates on motions to consider or adopt committee reports and government responses which have been presented during the week. These orders may be considered for one hour on Thursdays at the conclusion of general business. New items appear in the following day's *Notice Paper*. The section is printed in full on Thursdays.

Orders of the day relating to government documents appears in general business and lists orders of the day for adjourned debates on motions to take note of government documents. Such orders arise from consideration of the government documents presented on a particular day and include consideration of any documents not reached on the day. They are also listed for consideration for one hour on Thursdays during the consideration of general business. New items appear in the following day's *Notice Paper*. The section is printed in full on Thursdays.

Business for future consideration lists any notice of motion or order of the day to be considered on a specific day in the future; for example, a committee report ordered to be presented on a specific date, or a notice of motion given for a day other than the next day of sitting.

Bills referred to committees lists all bills or provisions of bills currently being considered by committees.

Questions on notice includes the text of new questions on notice and lists the numbers of unanswered questions.

Orders of the Senate includes orders of short-term duration such as orders for production of documents and those relating to days of sitting for a period of sittings.

Contingent notices of motion are statements of intention by senators that, contingent on a specified occurrence, they may move a motion, usually to suspend standing orders. They are grouped by subject.

Temporary chairs of committees is a daily list of all senators appointed to take the chair in the absence of the President or Deputy President.

Categories of committees is a daily list, categorised by type, of Senate and joint committees. Details of each committee appear in the committee section.

Committees lists all of Senate and joint committees, including membership, current inquiries and reports presented on or since the previous sitting day.

Senate appointments to statutory authorities lists the statutory authorities on which the Senate is represented and details of representation.

Ministerial representation lists Senate ministers and the portfolios they represent.

The ‘full’ Notice Paper

On the first day of the autumn and spring sittings a full *Notice Paper* is printed listing all outstanding business before the Senate, including the full text of all unresolved notices of motion and unanswered questions on notice. This edition is a complete reference to unresolved business from earlier in the session and is useful to keep. All business before the Senate is published daily in the full online version of the *Notice Paper*, available on ParlInfo and on the Senate’s Internet site at aph.gov.au/senate.

Inquiries concerning the *Notice Paper* or business listed in it may be directed to the Senate Table Office on (02) 6277 3018.
