Cooling tower motor replacement—Crane lift on Parliament Drive

1 On Thursday 6 May 2010 the Department of Parliamentary Services (**DPS**) will be replacing a number of roof mounted cooling tower motors. The work will involve the use of a crane that will be stationed on the grass verge in the south-eastern corner of Parliament Drive.

2 There may be minor traffic delays on Parliament Drive on 6 May 2010 during the crane's arrival and departure. The expected timings are as follows:

- (a) Arrival between 7.00am and 8.00am.
- (b) Departure between 11.00am and 12.00pm.

3 Access to the worksite will be strictly controlled and restricted to operational staff only.

4 Please contact Jeff Burdett on extn 5126 if you require further information.
