

Information Circular No: **2010/20** Date: 14 July 2010

TO: SENATORS, MEMBERS AND OTHER BUILDING OCCUPANTS

Changes to the House Monitoring Service

1 The ABC 24-hour News service has been added to the House Monitoring Service (**HMS**) on Channel 42.

2 ABC 24-hour News replaces the Weather Camera channel, which has been moved to HMS Channel 18.

3 The updated electronic version of the HMS television and radio guide is now available on:

- (a) the Senators' and Members' Services Portal (under the Webcast content block);
- (b) the chamber departments' intranets;
- (c) the DPS Staff Portal (under Our Organisation/Content Management Branch); <http://dpsportal/Branches/CMB/HMSGuide/HMSChannels.pdf> and
- (d) on the APH web site (for other building occupants) (<http://www.aph.gov.au/visitors/hmschannels.pdf>).

4 Channel numbers listed in the television guide reflect the order in which they are broadcast on the HMS. Some individual televisions may have been tuned differently and their channel numbers may be inconsistent with those listed in the guide. Assistance for tuning or retuning televisions is available by calling 2020.

5 Feedback on the new television service or any other aspect of the HMS is welcome and should be directed to Mr Vlodek Skiba, Director, Broadcasting Content, on extension 2408.

Alan Thompson
Secretary
