Parliament House private car parks—vehicle registration

1 The Parliament House security pass system has a provision to record registration details of passholder vehicles. This information provides Parliamentary security with the ability to quickly identify the owner of a vehicle in situations where a vehicle may need to be moved or where a security incident requires the owner to be identified.

2 Vehicle registration details are collected when photographic passes are issued or renewed. Vehicle registration details that may have changed since the issue of a photographic pass can be updated by sending an email to securitypass@aph.gov.au or by telephoning the Parliament House Pass Office on 6277 5989.

3 Any queries regarding this matter should be directed to the Assistant Director Security Support, Mr Brian Sankey, on 6277 8127, or by email to brian.sankey@aph.gov.au
