I was employed for a Government counsel when i become a subject of a bullying from a supervisor as you can see in the Documents that i sand you 25/06/2012 . Forwarded to your office by [redacted] Clerk assistant department of House representative,

As i constantly was treat my employment by the supervisor and constantly place me in a danger type of job to do regardless was a guide lines to prevent any accident by follow the guide lines of OHS was day lee broken by my supervisor in question, expose me to get hurt

In 2011 on 31/10/2011 i was assaulted by the leading hand the name of [redacted] i believe the supervisor and the leading hand wonted to scare me for the lust time in hope that i will give up my job and look for anther job, but in the assault i was hurt physical and mentally by this man.

After my assault i was deny worker compensation and having no money to pay for my treatment, or rent or food. Because i loge an application for workers compensation, to have the right of compensation and treatment , for my Post traumatic Disorder,

Actual its started a betel against 4 Government agency as they couldn't help me,or didn't wonted to help me in none of my concern that rise from the assault, and was related to bulling from work force.

I ask the Government counsel to have the right for compensation and treatment for my self and to be return to my home , witch i was evicted unfair from another Government agency , [redacted] , and i'm homeless me and my Son , a single father Homless because i wont to spike freely about bulling to hole australian.

The western Australian Government Ministers refused me to have an Appointment with the Ministers in Charge of the Government agency that i dealing.

As refusal to help me the Ministers in Question i was advice by the Ministers to go and persuade true the courts to fight for my rights.

At the moment i'm in the Supreme court for unfair eviction from Government house and denial of natural Justice by two judges from Armadale Magistrate court, the police Minister refuse to help me to propel investigate the incident, And way the Police Officer didn't give me assistants to me and conspire with the [redacted] Counsel.

The Minister advice me to go true the courts, and i loge an application following there advice.

Civil court in a civil magistrate courts for the perpetrator to pay my medical bills.

In the work cover at the Arbitration i was accused by the respondent insure that i assaulted the Leading hand witch is not true , this man is very large man there is no way of grabbing him because of his volume and strings he is about 160 kg

The counsel doesn't wont to let me to speak up about the bulling and my first doctor told me that i must speak up , as this will be the best treatment for my PTSD and i will start to healing inside

The counsel has worn me not to speak up because i wont be entitle for my compensation. they set that they have a policy not to defame the counsel.

As i would like to concluded this email ,

i would like from the committee to see and analyse the facts,as in this situation the persons in subject of bulling as i am , have no rights and no place to live if he or she wont to speak up and to hold the truth about what is bulling and what can bulling cause to a family or individual.

It take you right to the point of losing your one life by suicide, or become severer disable, untreatable sickness as the persons who is fitting have no help or hope, from anyone and become like me , trusting no one , just GOD.
