

Submission No. 013

(Dental Services)

Date: 15/03/2013

Mr Clarrie Griffiths –Narrabri

Mr Griffiths is 87 years old and in need of ongoing dental care. He mentions the need for country dentists and has paid over \$10,000 over a two year period for dental work, noting that some government rebate would be welcome.

Mr Griffiths added that one of his dentists was given the information of how much treatment was allowed on his dental scheme and seemed to fit the costs to charge what amount was in the account. Mr Griffiths felt it might have been an over charge and suggests that that information not be available to the treating dentist.
