Submission No. 107

Dear Sir,

TREASON was speaker of our
Prime Minister very recently by a
dedicated Australian on 24B radio
evening.

I learned that in the
U.S.A. Treaties have to be ratified
by the Senate. (Not so in Australia.)

Citizens who have given a lifetime
of honest work & loyalty to build our
nation object strongly at the secretive
way our country is being sold off.

We object to the International
Criminal Court as proposed by
both Daryl Williams & Alexander Downer.

No debate was made public to citizens.
Australia would lose its sovereignty.

Imagine the unbearable costs to its
people.

There are Australians
without a safe bed & shelter.

Yours sincerely, W. Reynolds.

(MRS D. REYNOLDS)
