

Information Circular No: **2009/41** Date: 4 September 2009

TO: SENATORS, MEMBERS AND ALL BUILDING OCCUPANTS

Senate car park

1 In order to make space for additional bike racks and to address some OHS issues relating to the movement of media equipment in and out of the building, DPS will be re-marking designated car parking bays in the main Senate car park on Levels 1 and 2.

2 The work will be undertaken between Wednesday 23 September 2009 and Saturday 26 September 2009 and involves changing existing signs to reflect :

- (a) the provision of additional bike racks in three car parking bays on Level 1 that are currently allocated to the Senate;
- (b) adjustment to Senate and DPS reserved parking bays on level 1 to accommodate the additional bike racks; and
- (c) relocating the existing media car parking bays from Level 1 to Level 2.

3 Some temporary barricading of car park spaces will be necessary on Level 2; however, access to the car park will not be affected.

4 For further information regarding these changes please refer to the attached drawings or contact Mr Andrew Corkery on extn 5344.
