Annual Report 2013-2014

The Committee

- 1.1 The Standing Committee on Appropriations and Administration, appointed under standing order 222A, considers estimates of the funding required for the operation of the Department of the House of Representatives for each year and provides to the Speaker for presentation to the House and transmission to the Minister for Finance and Deregulation, estimates of amounts for inclusion in the appropriation bills for the Department.
- 1.2 The Committee also considers proposals for changes to the administration of the Department of the House of Representatives or variations to services provided by the Department, other matters of finance or services as may be referred to it by the Speaker or the House, the administration and funding of security measures affecting the House, and proposals for works in the parliamentary precincts that are subject to parliamentary approval. The Committee reports on these matters to the Speaker or the House, as appropriate.
- 1.3 When conferring with the Senate Standing Committee on Appropriations and Staffing, the Committee may consider estimates of the funding required for the operation of the Department of Parliamentary Services (DPS) each year, and provide to the Speaker for presentation to the House and transmission to the Minister for Finance, estimates of amounts for inclusion in appropriation bills for the DPS. To date, the Committee has heard from DPS on its estimates and budgetary position, but has not reported to the House on these matters.
- 1.4 Standing order 222A(a) (ii) provides that the Committee make an annual report to the House on the amounts for inclusion in the appropriation bills for the Department of the House of Representatives.

- 1.5 The House Appropriations and Administration Committee was established at the beginning of the 44th Parliament on 12 November 2013, and members of the committee were first appointed on 11 December 2013.

Reports

- 1.6 In 2013–14, the Committee tabled one report¹:
- *Report no. 7 - Budget estimates 2014-2015 for the Department of the House of Representatives.*

Report no. 7

- 1.7 Report no. 7 was presented in accordance with standing order 222A(a) (ii) which requires the Committee to provide the Speaker for presentation to the House the amounts for inclusion in the appropriation bills for the Department of the House of Representatives. As in previous years, the report was tabled in the House on the Wednesday following the presentation of the Budget, this year on 14 May 2014. In summary, the total appropriation to be approved by the Parliament for the Department of the House of Representatives in the Appropriation (Parliamentary Departments) Bill (No. 1) 2014-2015 was \$21.146m, compared to \$23.218m in 2013–14.
- 1.8 The Committee endorsed the Department's proposal to seek exemption for the Department's operational and capital budgets from the increase to the efficiency dividend (ED) to 2.25% for the three years 2014-15-2016-17. Exemption was also sought from any further increase to the ED in the 2014-15 Budget. In the event, a further 0.25 per cent was applied, resulting in an ED of 2.5 per cent for the three years from 2014-15 to 2016-17.
- 1.9 The Committee also endorsed the Department's proposal to seek support to enter into discussions in the context of the 2015-16 Budget about a revised funding model for the Department that would better suit the needs of the House, Committees and Members into the future.
- 1.10 The Committee noted the Government's response to these proposals. The Government was supportive of the Department entering into discussions about a revised funding model and the request for exemption from the increase to the efficiency dividend was not agreed.

Meetings of the Committee

- 1.11 During the reporting period the Committee met three times, on 11 December 2013, 13 February 2014 and 14 May 2014.

¹ Report no. 6 – Annual Report 2012-13 was tabled on 27 June 2013. It reported on the reports and meetings of the Committee during the year.

1.12 The following are among the matters considered at the meetings:

- the role and method of operation of the Committee was adopted
- a briefing by the Clerk of the House on the Department's current financial position and future budget projections for the next four years
- a briefing by the Secretary, Department of Parliamentary Services on security measures affecting the House
- consideration of a revised funding model for the Department to be brought forward in accordance with future Budget processes

1.13 In brief, the Committee considers it has played a positive and responsible role in discharging its responsibilities under the standing orders, and in particular, in assessing the funding requirements of the Department of House of Representatives and bringing these requirements to the attention of government. It reports to the House accordingly.
